Missouri Department of Revenue

Introductory

The Introductory Section contains material to familiarize the reader with the contents of the report, organizational structure, and operation of the Missouri Department of Revenue.

May 1, 2005

The Honorable Matt Blunt and
Members of the General Assembly:

I am pleased to submit the Comprehensive Annual Financial Report of the Missouri Department of Revenue (department) for the Fiscal Year ended June 30, 2004.

The department report is intended to present fairly the financial position and results of operations of the department. This report is prepared in accordance with generally accepted accounting principles and consists of three sections.

1. The Introductory Section includes a summary description and its organizational chart.
2. The Financial Section includes a management discussion and analysis, the financial statements, and related footnotes.
3. The Statistical Section includes schedules depicting tax and fee collections and distributions.

The department is responsible for the accuracy of the data presented and the completeness and fairness of the presentation.

This report, together with statements prepared by the State Treasurer (attached to this report) and the Missouri Comprehensive Annual Financial Report of the Office of Administration, Division of Accounting (published separately), fulfills the statutory requirements for financial reporting under Section 32.060, RSMo, 2000.

Sincerely,

Trish Vincent

Missouri Department of Revenue

Overview

The Overview provides a description of the Missouri Department of Revenue, an organizational chart, and a list of principal officials.

Generally Accepted Accounting Principles (GAAP) require that the reporting entity provide a Management Discussion and Analysis. This Overview complements that analysis and should be read in conjunction with it. The Missouri Department of Revenue Management's Discussion and Analysis begins on page 1.

The Missouri Department of Revenue serves as the central collection agency for state revenues.

REPORTING ENTITY

The people of Missouri created the Department of Revenue (department) when they adopted Article IV, Section 12, of the 1945 Constitution of Missouri. The department serves as the central collection agency for state revenues. The primary duties of the department are the collection of taxes, titling and registration of motor vehicles, and licensing of drivers throughout the state.

The Director of Revenue is responsible for all operations and policies of the department. The Director is appointed by the Governor with the advice and consent of the Senate.

Two production divisions are in the department. They are the Divisions of Motor Vehicle and Drivers Licensing and Taxation and Collection. The director of both divisions are appointed by the Director of Revenue. The Division of Administration provides support to the production divisions.

The number of employees authorized by the legislature for Fiscal Year 2004 was 1,942, with an operating budget of \$109.9 million. The State Tax Commission and State Lottery Commission are "Type III transfer" agencies as is defined in Appendix B of the Reorganization Act of 1974 (RSMo), and therefore these agencies are administered separately and are not included in the financial statements.

The department is subject to Sections 36.031, 36.100, 36.110, 36.120, and 36.130, RSMo, relating to the position classification plan of the State Personnel Law (Merit System) and also to the pay plan of the Merit System.

OFFICE OF THE DIRECTOR

Director of Revenue

The Director of Revenue supervises all operations of the Missouri Department of Revenue (department). The Director formulates general policy and determines long-term goals for the department.

Deputy Director

The Deputy Director has line authority for operational decision-making within the department.

Budget Office

The Budget Office coordinates the preparation of the department's annual budget request and the department's strategic plan around its outcomes and key products. This office reviews core divisional budgets to ensure they are consistent with the department's strategic plan outcomes, priorities, and guidelines. The Budget Administrator serves as the department liaison with the Office of Administration's Division of Budget and Planning and the state legislature.

The number of employees authorized by the legislature for Fiscal Year 2004 was 1,942 with an operating budget of \$109.9 million.

General Counsel

The General Counsel advises the Director on all legal matters. The attorneys in the General Counsel's Office represent the Director in tax litigation and in Driving While Intoxicated (DWI), licensing, motor vehicle, and fuel tax hearings. This office provides legal opinions interpreting the tax and transportation laws of the state. This office also works closely with the Office of the Attorney General and local prosecutors in court proceedings involving state taxation and transportation laws.

Internal Audit

Internal Audit reviews and evaluates the department's administrative, operational, and internal accounting controls to ensure their adequacy for safeguarding the department's assets. Internal Audit appraises the effectiveness and efficiency of resource use and reports findings and recommendations to department management.

Revenue Technology

Revenue Technology provides leadership, oversight, and direction concerning the department's information technology in support of its business products, to include telecommunications, end user and network support, and management of the department's web site.

Office of Legislation and Regulations

The Office of Legislation and Regulations is responsible for the development and tracking of the department's legislative priorities through the legislative process. The office also estimates the fiscal impact of all legislation that may impact the operation of the department. In addition, it manages the publication process for departmental rules and regulations.

DIVISION OF ADMINISTRATION

The Division of Administration is responsible for providing service and administrative support to the Department of Revenue (department). This includes providing a quality work environment, maintaining employee relations, procuring goods and services, accounting, finance, technology services, investigative services, and general services such as mail processing, warehousing, and record storage. The division includes four bureaus.

The Division of Administration provides service and administrative support to the department.

Criminal Investigation Bureau

The Criminal Investigation Bureau is responsible for creating and maintaining a climate for voluntary tax, motor vehicle, and driver licensing compliance by investigating complaints and developing information leading to prosecution of individuals violating state statutes. The bureau operates six offices located throughout the state.

Financial and General Services Bureau

The Financial and General Services Bureau provides financial and general services to the department. Accounting Services processes and records departmental expenditures, prepares the Missouri Department of Revenue Comprehensive Annual Financial Report, monthly spending plans, fiscal note responses, the division's budget request, coordinates the preparation of monthly financial

Overview

statements, provides control and record keeping of the department's fixed assets, and monitors telecommunication costs. Delivery Services maintains and schedules vehicles and performs deliveries. The Investment and Cash Management Office provides deposit and accounting document approval for all monies received and coordinates investment and collateralization of nonstate funds under the department's control. The Mail Service Center handles incoming and outgoing mail. Purchasing Services coordinates procurement activities. Central Stores receives, stores, and distributes supplies, forms, and new fixed assets. The Warehouse and Archive Center archives approximately 50,000 boxes of nonpermanent department records and provides temporary storage for overflow supplies and forms. Facilities coordinates with the Office of Administration regarding the maintenance and improvement of the work environment within the department.

Human Resource Services and Development Bureau

Human Resource Services and Development (HRSD) supports and coordinates the department's divisions in employee relations, compensation, safety, employee development, classification issues, and employee benefits. HRSD revises, creates, and interprets departmental policy, prepares the Affirmative Action Plan, and coordinates and maintains the department's personnel and payroll information in the statewide human resource accounting system. The Human Relations Officer provides informal problem resolution assistance and consultations to management and staff to promote a positive work environment. HRSD also organizes all aspects of hiring, maintains official personnel files, and handles workers' compensation and unemployment claims.

The human resource development function resides with Revenue University. The University is comprised of three schools. The School of Leadership Development instructs department leaders to continually improve the system to satisfy customers, employees, and the organization. The School of Technology trains employees in computer based technical skills. The School of Workforce Development trains employees in basic skills such as reading, writing, problem solving, and effective communication.

Technology Services Bureau

The Technology Services Bureau provides systems development and support, production control, and database administration throughout the department.

DIVISION OF MOTOR VEHICLE AND DRIVERS LICENSING

The Division of Motor Vehicle and Drivers Licensing is responsible for administering Missouri statutes that relate to the licensing of drivers and the titling and registration of motor vehicles, all-terrain vehicles, trailers, manufactured homes, and marinecraft. This division consists of three bureaus and an administrative office.

Driver and Vehicle Services Bureau

The Driver and Vehicle Services Bureau is responsible for the titling and registration of motor vehicles, all-terrain vehicles, trailers, manufactured homes, and marine craft in the state and issuing disabled placards and temporary permits. It is also responsible for licensing and regulating motor vehicle and marinecraft dealers and manufacturers, salvage businesses, and lease rental companies.

In addition, the Driver and Vehicle Services Bureau is responsible for suspending and revoking, when applicable, driver licenses, driving permits, and vehicle registrations. The Driver and Vehicle Services Bureau processes and maintains records relating to traffic violation point assessments, the administrative Driving While Intoxicated (DWI) and “abuse and lose” laws for alcohol/drug offenses, failure to appear in court for traffic violations, and the safety responsibility (mandatory insurance) laws for uninsured motorists.

Customer Assistance Bureau

The Customer Assistance Bureau is responsible for directing the operations of the contract offices throughout the state. Contract offices, located in almost every county in Missouri and in major metropolitan areas of the state, are independently operated by contractual agents. The Customer Assistance Bureau oversees the

processing and issuance of all driver and nondriver licenses and school bus permits and the certification of third party testers. In addition, it oversees various phone centers to help customers with their driver and vehicle transactions.

Information Technology Bureau

The Information Technology Bureau is responsible for the technical analysis, design, development, and implementation of the division's data processing systems.

Division Director's Office

The Division Director's Office is responsible for the overall administration of the three bureaus and field operations described above. This includes the preparation of legislative testimony, the review and analysis of fiscal notes, the development of all written communications, and the handling of the divisional accounting and budgeting functions.

DIVISION OF TAXATION AND COLLECTION

The Division of Taxation and Collection is responsible for the administration of Missouri's tax laws and processes and administers forms and reports for the collection of revenue due the state and local taxing jurisdictions.

Accounting Services

Accounting Services is responsible for cashiering and depositing tax and fee collections, contract office accounting, return check collection, division mail distribution, divisional accounting, financial statement preparation, document security enforcement, centralized record retention, divisional office equipment management, microfilming functions, and divisional forms and publication orders.

Business Tax

Business Tax is responsible for the administration of sales/use, corporation, and withholding taxes, financial institutions, insurance premiums, franchise, county, fuel, cigarette and other tobacco products taxes, and county court fees. Business Tax also distributes locally imposed sales and use taxes to local jurisdictions,

administers business tax registration and issues sales/use tax licenses to taxpayers, handles correspondence and taxpayer protests, processes amended returns, writes regulations, and pursues collections from noncompliant taxpayers through its Nexus programs.

Customer Assistance

Customer Assistance is responsible for contacting individuals and businesses who have unpaid tax liabilities, pursuing bad checks, reimbursing prosecuting attorneys for collections made, submitting fee payments to the recorder of deeds for filing lien documents, conducting skip tracing to locate taxpayers and their assets, certifying files and records for the prosecuting attorneys, and assisting the prosecuting attorneys with account analysis to prosecute cases. Customer Assistance is also responsible for providing taxpayer assistance to taxpayers in regional offices within Missouri. This assistance includes answering questions, registering taxpayers, issuing sales/use tax licenses, participating in taxpayer training programs, making field visits to taxpayers who are delinquent in paying their taxes, and appearing in court on behalf of the Director of Revenue on cases pursued by the prosecuting attorneys.

Field Audit (In-state and Out-state)

Field Audit is responsible for conducting field audits of businesses required to pay taxes to the state of Missouri. The in-state operations perform central support functions and include eight offices. The out-state operations include offices in Chicago, Dallas, New York, and Los Angeles.

Information Technology

Information Technology is responsible for the technical analysis, design, development, implementation, and maintenance of the division's data processing systems. Information Technology provides quality assurance, program maintenance, and technical support for electronic data processing communications, systems programming, and data base administration. Information Technology also provides personal computer software training, in-house programmer training, system training to division personnel, and administers electronic media including an Internet web site and forms-by-fax for the division.

Overview

Personal Tax

Personal Tax is responsible for administering individual income, partnership, fiduciary, and estate taxes and property tax credits. Administrative functions include tax return receipt and extraction of incoming mail, tax return analysis, data entry, tax return error correction, and discovery and collection of tax liabilities.

Division Director's Office

The Division Director's Office is responsible for the overall administration of the areas described above. This includes preparation of legislative testimony, fiscal note preparation including administrative impacts, preparation of the division's budget request, tax returns and forms design, and electronic-commerce.

SUMMARY OF BUDGETARY CONTROL

The Missouri Department of Revenue's (department) annual budget is prepared principally on the cash basis and represents departmental appropriations recommended by the Governor and passed by the state legislature prior to the beginning of the fiscal year. If appropriations are not sufficient for a fiscal year, the department may request supplemental amounts during the next legislative session by the same process it requested original appropriations. The state legislature appropriates money to the department at the departmental level. Expenditures cannot exceed the appropriation amounts at the General Assembly appropriated level. Also, the Governor has the authority to reduce the allotments or appropriations in any fund if it appears that revenues for the fiscal year will fall below the estimated revenues. Unexpended appropriations lapse at the end of each appropriation year. The budgetary basis differs from generally accepted accounting principles. Therefore, amounts stated in the accompanying schedules of appropriation and expenditures – budget and actual are presented on the budgetary basis, that is, the cash basis. The schedules begin on page 44.

MANAGEMENT RESPONSIBILITIES AND REPRESENTATIONS

The department-wide financial statements are prepared on the accrual basis of accounting, and the governmental fund statements are prepared on the modified accrual basis in conformity with generally accepted accounting principles.

The financial statements are based on generally accepted accounting principles considered by management to present fairly and consistently the Missouri Department of Revenue's (department) financial position and results of operations. The department's system of internal accounting controls is designed to provide reasonable assurance that: (1) transactions are executed in accordance with management's authorizations; (2) assets are protected against loss from unauthorized use or disposition; and (3) financial records are reliable to prepare financial statements and maintain accountability of assets and obligations.

PENSION AND OTHER EMPLOYEE BENEFITS

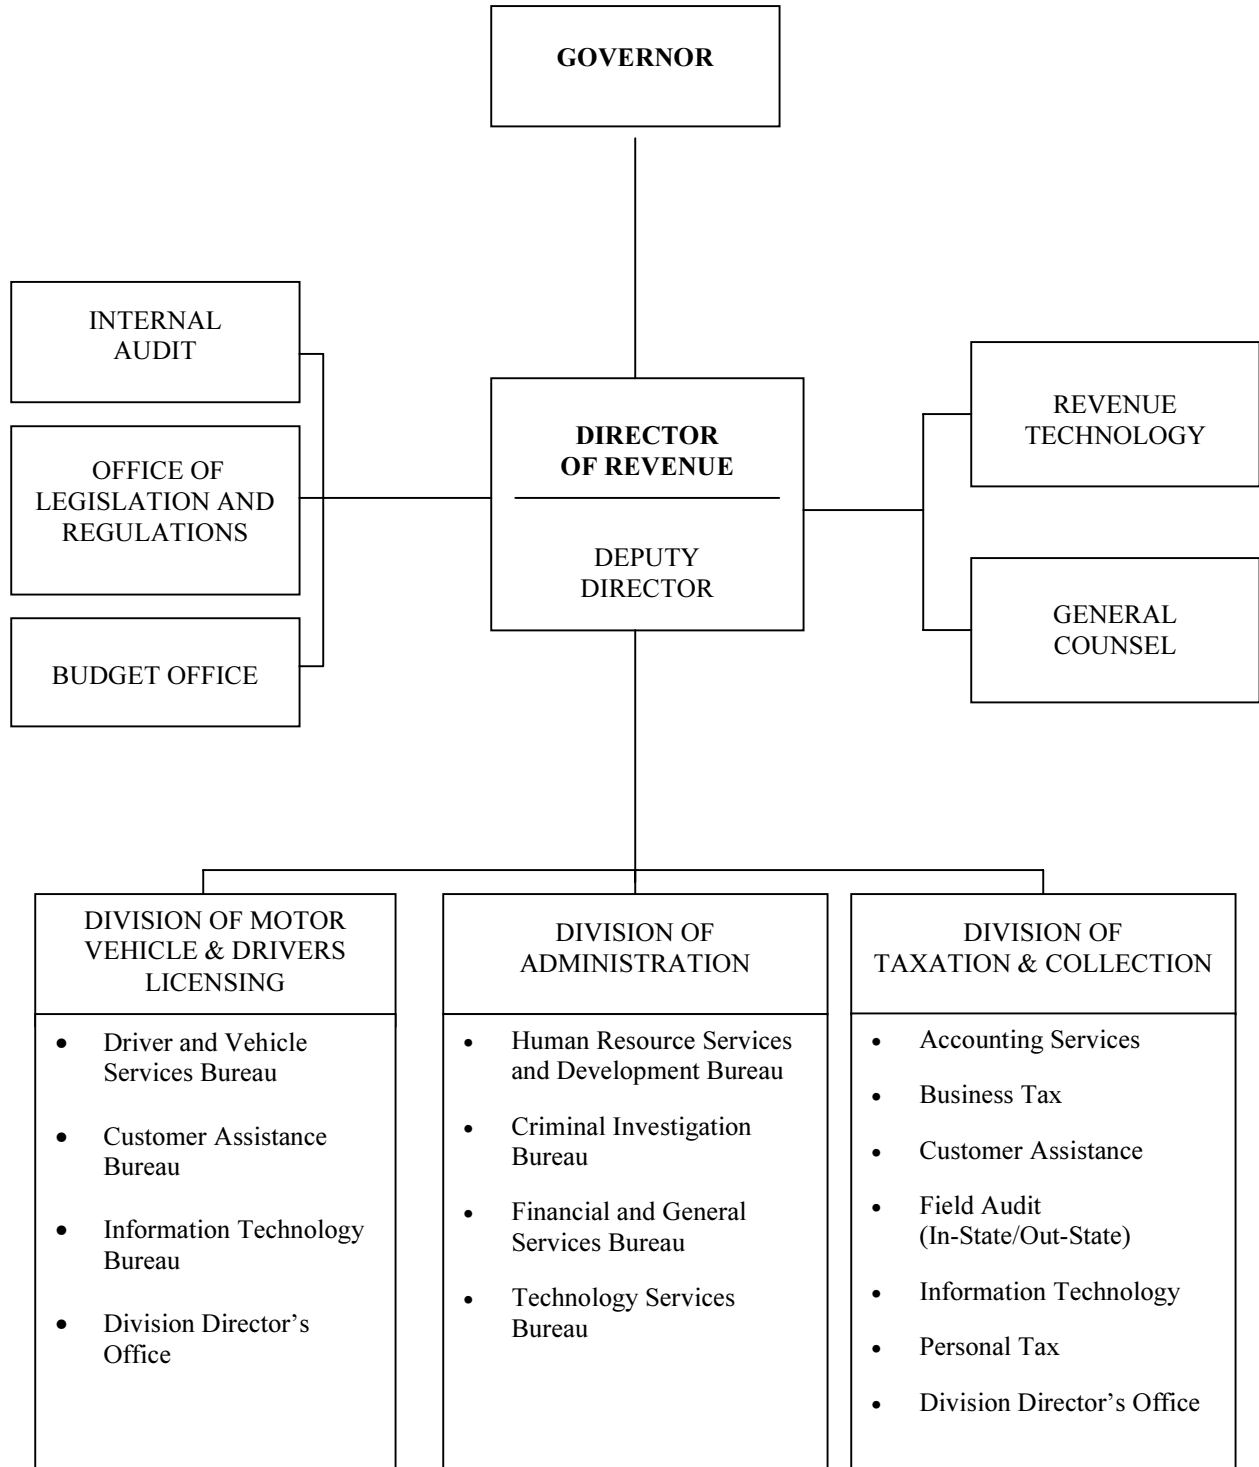

The Missouri Department of Revenue's (department) employees are covered under the Missouri State Employees' Retirement System (MOSERS). The Office of Administration makes the contribution to MOSERS for the department's employees. Beginning on page 41 of the Notes to the Financial Statements is additional information about employee pensions and other benefits.

Missouri Department of Revenue

Management Discussion and Analysis

The Management Discussion and Analysis provides a summary of the Missouri Department of Revenue's fiscal year financial activities.

This discussion and analysis of the Missouri Department of Revenue's (department) financial performance provides a summary of the department's financial activities for the fiscal year ended June 30, 2004. Consider the information presented here in conjunction with additional information in the Introductory Section beginning on page ii and the department's financial statements beginning on page 15.

FINANCIAL HIGHLIGHTS

On the department-wide Statement of Net Assets, the assets of the Department of Revenue (department) exceeded its liabilities at June 30, 2004, by \$480,000. The department's total net assets increased by \$40,000. This increase is attributable to a decrease in liabilities of \$40,000 more than the decrease in assets at June 30, 2004. The key factor in the decrease in liabilities was the decrease in the amount owed to the State Treasurer because of the increase in allowance for doubtful accounts.

At June 30, 2004, the governmental funds that the department deposits to and/or operates from had a combined ending negative fund balance of \$12 million, a decrease of \$3.2 million compared to Fiscal Year 2003. This balance includes \$6.8 million reserved for inventory, leaving a negative unreserved fund balance of \$18 million. The reserved balance indicates that it is not available for new spending because it has already been converted to inventory. The department's negative unreserved fund balance is due to paying Fiscal Year 2004 liabilities with Fiscal Year 2005 appropriations (mainly motor fuel tax collections owed to cities and counties). The change in unreserved fund balance in Fiscal Year 2004 over Fiscal Year 2003 was \$316,000.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Missouri Department of Revenue's (department) basic financial statements comprise three components: 1) Department-wide financial statements; 2) Fund financial statements; and 3) Notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

DEPARTMENT-WIDE FINANCIAL STATEMENTS

The department-wide financial statements provide a broad overview of the Missouri Department of Revenue's (department) finances in a manner similar to a private-sector business. The Statement of Net Assets presents information on the department's assets and liabilities, where the difference is reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the department is improving or deteriorating.

The Statement of Activities presents information showing how the department's net assets changed during the fiscal year. The department records changes in net assets when the underlying event occurs, regardless of the timing of related cash flows. Therefore, some revenues and expenses reported in this statement will only result in cash flows in future fiscal years (for example, uncollected taxes and earned but unused vacation leave).

Both of the department-wide financial statements distinguish between governmental activities and business-type activities. The department's governmental activities are supported by appropriations and include tax collection and enforcement, titling and registration of vehicles, and licensing of drivers. The only business-type activity of the department is sales of information.

FUND FINANCIAL STATEMENTS

The state of Missouri uses fund accounting to ensure and demonstrate compliance with legal requirements and to maintain control over resources that have been segregated for specific activities or objectives. The funds that the Missouri Department of Revenue (department) deposits to or operates from are divided into three categories: 1) Governmental funds; 2) Proprietary funds; and 3) Fiduciary funds.

Governmental Funds

Governmental funds account for the same functions reported as governmental activities in the department-wide financial statements. However, unlike the department-wide financial statements, governmental fund financial statements

focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year.

Such information may be useful in evaluating the department's near-term financing requirements. In particular, unreserved fund balance serves as a useful measure of the department's net resources available for spending at the end of the fiscal year. The governmental fund financial statements are on pages 18 through 20.

Because the focus of governmental funds is narrower than that of the department-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the department-wide financial statements. This comparison shows the long-term impact of the department's near-term financing decisions. Both the governmental fund Combined Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental fund Combined Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, Motor Fuel Tax Fund, School District Trust Fund, and the State Highway and Transportation Department Fund. These funds are major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the combining statements beginning on page 58.

Proprietary Funds

The department administers one proprietary fund, the Department of Revenue Information Fund. The department uses this fund to account for its sales of information. The department must receive appropriations to spend from the fund. The proprietary fund statements provide the same type of information as the business-type activities in the department-wide financial statements, only in more detail. They are on pages 21 through 23.

Fiduciary Funds

The department uses agency funds, a type of fiduciary fund, to account for resources held for the benefit of parties outside the department. Fiduciary funds are not included in the department-wide financial statement because the resources of those funds are not available to support the department. Agency funds use the accrual basis of accounting. The agency fund financial statement is found on page 24 and the detail schedule on pages 75 through 83.

NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the department-wide and fund financial statements. The notes to the financial statements begin on page 25.

BUDGETARY COMPARISON SCHEDULES

The Missouri Department of Revenue (department) receives an annual appropriated budget from some of the governmental funds. To demonstrate compliance with the budget, budgetary comparison schedules begin on page 44. These schedules provide original and final appropriations and a comparison to actual expenditures for the General Fund and major special revenue funds. Also included is a reconciliation from budget basis to Generally Accepted Accounting Principles (GAAP) basis.

FINANCIAL ANALYSIS**DEPARTMENT-WIDE STATEMENTS****Capital Assets**

The Missouri Department of Revenue's (department) capital assets consist of furniture, equipment, and software (both in-house developed software and purchased software). The department uses these capital assets to provide services to citizens, and the assets are not available for future spending. Appropriations are needed to repay any related debt (capital leases) because the capital assets cannot be liquidated to pay these liabilities.

The department operates major computer systems to collect money and enforce tax and motor vehicle and driver laws. Without these systems, the department could not fulfill statutory requirements effectively. Therefore, management believes it is important to capitalize the system costs and amortize those costs over the systems' useful life.

At June 30, 2004, the department's total depreciable/amortizable capital assets equaled \$85 million. Accumulated depreciation/amortization on these assets was \$71 million or 84 percent of the assets' cost. This indicates that the department's capital assets, on average, have reached more than four-fifths of their useful life. The \$14 million net value of capital assets is mainly related to in-house developed software. The department's other capital assets have almost been completely depreciated. Following is a summary of the department's capital assets net of depreciation and amortization.

SUMMARY OF THE DEPARTMENT OF REVENUE'S CAPITAL ASSETS

(in thousands of dollars)

Additional information about the department's capital assets is in note 4 on page 36.

Net Assets

As mentioned earlier in the Financial Highlights, the department's net assets increased by \$40,000 during the current fiscal year. The increase represents the decrease in the department's liabilities more than the decrease in assets. The department's investment in capital assets for its governmental and business type activities as of June 30, 2004, amounts to \$14 million (net of accumulated depreciation and amortization and related debt). The total decrease in the department's investment in capital assets for the current fiscal year was 19 percent. The decrease for governmental activities was 18 percent, and for business-type activities it was 57 percent. The department purchased or

developed \$300,000 more of capital assets than it surplused during Fiscal Year 2004. The decrease in capital asset investment is because of depreciation and amortization expense.

An additional \$6.9 million of the department's net assets represents supply inventories that are subject to restrictions. They cannot be used to pay liabilities. The negative balance of unrestricted net assets resulted from the department paying Fiscal Year 2004 expenses with Fiscal Year 2005 appropriations (mainly motor fuel tax collections owed to cities and counties). The same situation held true for the prior fiscal year.

At June 30, 2004, approximately 100 percent of the department's total assets were funded with debt or other financial obligations (all liabilities of the department). Therefore, the department has no equity position in its assets. This indicates that for each dollar of department assets, it owes almost 100 percent of that dollar to others, primarily the State Treasurer.

A summary of the department's net assets follows below.

Long-term Debt

At the end of the current fiscal year, the department had total long-term debt outstanding of \$3.1 million. Of this amount, \$261,000 comprises obligations under lease/purchase, and \$2.9 million is compensated absences. A table of current year debt is shown on page 8. For additional information about

the department’s long-term debt, refer to notes 5, 6, and 7 beginning on page 37 of the Notes to the Financial Statements.

FUND STATEMENTS

As noted earlier, the state of Missouri uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Missouri Department of Revenue (department) follows the state’s accounting practices.

Governmental Funds

Fund Balance

The General Fund and the State Highways and Transportation Department Fund (SHTDF) are the chief operating funds of the department. At the end of the current fiscal year, unreserved negative fund balance of the General Fund was \$1.1 million while the total negative fund balance was \$461,000. The SHTDF’s unreserved negative fund balance was \$1.1 million and its total fund balance was \$4.7 million.

The unreserved fund balance of the department’s General Fund increased by \$206,000 during the current fiscal year. The key factor in this growth was a decrease in the department’s accounts payable liability at the end of Fiscal Year 2004 over Fiscal Year 2003. The SHTDF unreserved fund balance increased \$364,000. This increase is because of the larger license plate and tab inventory the department carried at the end of Fiscal Year 2004.

Expenditures

The department’s operating expenditures are shown below. Increases in expenditures were primarily due to child support enforcement expenses of \$8 million. Child support enforcement duties were transferred to the department from the Missouri Department of Social Services at the beginning of Fiscal Year 2004.

Transfers

The Department of Revenue Information Fund owed a \$741,854 transfer to the SHTDF at June 30, 2004. The Motor Fuel Tax Fund owed the SHTDF \$47 million at year end and transferred \$547 million during the year. Note 8 on page 40 discusses the reasons for these transfers.

Proprietary Funds - Business-Type Activities

The department’s proprietary funds statements provide the same type of business-type activity information in the department-wide financial statements, but in more detail. Unrestricted net assets of the Department of Revenue Information Fund at the end of the year is a negative \$844,000. The total decrease in net assets was \$275,000. The decrease in net assets is because of a one-time transfer of \$250,000 from the DOR Information Fund to the General Fund appropriated by the General Assembly. The department’s business-type activities’ revenues and expenses are summarized in the following two graphs on the next page. As the first graph indicates, the department’s business-type

activity funded its costs of operations by 132 percent and made a profit of \$467,000. Non-operating expense (a \$742,000 transfer to the SHTDF) reduces net profits (change in net assets) to a loss of \$275,000.

Fiduciary Funds

Net assets of the fiduciary agency funds at June 30, 2004, is \$423 million. These assets are held in trust for cities, counties, and other political subdivisions.

During the year, the department invests, through its contracted bank, temporary surplus cash from the various agency funds. The contracted bank pools most of these funds’ cash balances for investment purposes. The department invested the surplus cash in United States Treasury securities and certain federal agency securities. At June 30, 2004, these investments consisted of overnight repurchase agreements in the amount of \$180 million and term securities in the amount of \$51 million. The average yield on maturing investments during the year was .9 percent, and the amount of interest earned was \$1.5 million. For additional information on agency funds’ investments see note 3 beginning on page 34.

BUDGETARY HIGHLIGHTS

Increases and decreases between the original budget and the final amended budget are for refunds and other program specific distributions. Increases and decreases to individual operating appropriations are because of transfers between appropriations. The appropriations that received an actual increase or decrease and the amount of the increase or decrease are listed below.

DEPARTMENT OF REVENUE COLLECTIONS

Fiscal Year 2004 General Fund collections increased by \$332 million or 5 percent (gross of refunds) over Fiscal Year 2003 collections. State money (General Fund collections and all other governmental funds' collections) collected by the Missouri Department of Revenue (department) totaled \$9.5 billion in Fiscal Year 2004, an increase of 4 percent over Fiscal Year 2003. The department collected 96 percent of the state's General Fund collections and 51 percent of all state funds' collections. The graph below shows the percent of state of Missouri General Fund collections by source. The graph on the next page shows department collections for all state funds.

ECONOMIC FACTORS

The unemployment rate for the state of Missouri at June 30, 2004, was 5.2 percent, which is a decrease from a rate of 5.6 percent at June 30, 2003. This compares favorably to the national average unemployment rate at June 30, 2004, of 5.6 percent.

Inflationary trends were favorable in Fiscal Year 2004. Between June 2003 and June 2004, the national consumer price index rose 2.5 percent.

From July 2003 through November 2004, Missouri added 50,100 jobs, a 1.9 percent increase. Of these added jobs, 4,500 were manufacturing jobs. This increase ranks Missouri third in the nation in increased manufacturing jobs.

According to Missouri Economic Research and Information Center's (MERIC) "A Report on Missouri's Economic Conditions," Missouri also has strong export activity.

Missouri per capita income increased 2.6 percent in 2003 to \$29,252 (the latest data available). The national per capita income rose 2.3 percent to an average \$31,632, 8.1 percent higher than Missouri's. Out of the 50 states, Missouri ranks 19 in personal income, 34 in personal income growth, 30 in per capita income, and 26 in per capita income growth.

Quoting from MERIC's report, "Missouri employment growth is expected to continue to be strong. One forecast calls for 1.7 percent employment growth in Missouri in 2005... However, higher energy prices... would discourage consumers."

Missouri's taxable sales increased 4.6 percent in Fiscal Year 2004.

Missouri Department of Revenue

Governmental Fund Financial Statements

The governmental fund financial statements report Missouri Department of Revenue governmental activities on a modified accrual basis of accounting. Also included is a reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the department-wide Statement of Activities.

Major Fund Descriptions

GENERAL FUND

The General Fund is the state of Missouri's primary operating fund. The Missouri Department of Revenue receives about half its operational funding from the General Fund.

MOTOR FUEL TAX FUND

The Motor Fuel Tax Fund accounts for motor fuel tax collections and its distributions to the State Highways and Transportation Department Fund and the agency fund, Fuel Local Deposit (FLOYD) Fund.

SCHOOL DISTRICT TRUST FUND

The School District Trust Fund accounts for education (Proposition C) sales and use tax collections.

STATE HIGHWAYS AND TRANSPORTATION DEPARTMENT FUND

The State Highways and Transportation Department Fund accounts for collections that are derived from highway users as an incident to their use or right to use the highways of the state. The Missouri Department of Revenue receives about half its operational funding from this fund.

RECONCILIATION OF THE STATEMENT OF REVENUES,

TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2004**

(in thousands of dollars)

Amounts reported for governmental activities in the Statement of Activities (page 16) are different from the amounts reported in the Statement of Revenues, Expenditures, and Changes in Fund Balances All Governmental Fund Types (page 19) because of the items listed below:

Net change in fund balances - total governmental funds (page 19)	\$	316
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. This is the amount by which depreciation/amortization exceeded capital outlays in the current period (excluding net of capital lease proceeds and purchases).		(884)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds (net of transmittal to the State Treasurer).		28,836
Refunds that reduce revenues in the Statement of Activities are not current financial liabilities and are not reported in the funds.		(44,214)
Elimination of lapse balance reported in the funds.		16,634
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:		
a. Net of accrued and used compensated absences		205
b. Net of purchased and used inventory		(938)
c. Net of capital lease proceeds and payments		360
Change in net assets of governmental activities (page 16)	\$	315

DEPARTMENT OF REVENUE (DOR) INFORMATION FUND

The Department of Revenue Information Fund, as authorized by Section 32.067, RSMo, receives fees that the Missouri Department of Revenue (department) charges for information sold to individuals, businesses, federal, state, and local governments. In accordance with Section 33.080, RSMo, at the end of each odd-numbered fiscal year, the department transfers the fund balance exceeding \$25,000 related to general revenue activities to the General Fund. In accordance with Section 32.067, RSMo, at the end of each fiscal year, the department transfers the fund balance, which is not related to general revenue activities to the State Highways and Transportation Department Fund.

Proprietary funds account for business-type activities on an accrual basis of accounting. The DOR Information Fund is the Missouri Department of Revenue's only proprietary fund.

Missouri Department of Revenue

Notes to the Financial Statements

The Notes to the Financial Statements provide a summary of significant accounting policies and other disclosures required for a fair presentation of the basic financial statements.

Department of Revenue

Notes to the Financial Statements

For Year Ended June 30, 2004

The accounting methods and procedures adopted by the Missouri Department of Revenue (department) conform to generally accepted accounting principles as applied to governmental entities. The following notes to the financial statements are an integral part of the department's Comprehensive Annual Financial Report.

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The department is a component unit of the state of Missouri. The reporting entity includes three divisions for which the Director of Revenue is financially accountable. Exclusion of such divisions would cause the reporting entity's financial statements to be misleading and incomplete. The department excludes the State Lottery Commission and State Tax Commission from its reporting entity. These commissions are not financially accountable to the Director of Revenue and therefore are fiscally independent. The state of Missouri blends the department's financial data into the primary government's financial statements.

B. Department-Wide and Fund Financial Statements

The department-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all of the nonfiduciary activities of the department. The effect of interfund activity has been removed from these statements. The department's government activities are supported by appropriations. These are reported separately from business-type activities. The department's business-type activities are reported in one fund which receives fees for sales of information.

Program revenues on the Statement of Activities include charges to customers for sales of information, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular function, and appropriations. Taxes and fees that the department collects are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. The fiduciary funds are excluded from the department-wide statements. Major individual funds are reported as separate columns in the governmental fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The department-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the department considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting except for the following:

- Fixed assets are reported as expenditures when acquired;
- Long-term compensated absence obligations (accumulated vacation and compensatory time) and sick pay are recorded as expenditures when paid;
- Inventories are recorded as expenditures when purchased; and
- Lease purchase payments are recorded as expenditures when paid.

In the governmental fund financial statements, corporate and individual income tax, some licenses, permits, fees, motor fuel tax, sales and use tax, and some other revenue are all considered to be susceptible to accrual. Therefore, they have been recognized as revenues of Fiscal Year 2004 even though the department may have collected them during the lapse period of Fiscal Year 2005. All other revenue items are considered to be measurable and available only when the department receives the money.

The department reports the General Fund, Motor Fuel Tax Fund, School District Trust Fund, and State Highways and Transportation Department Fund as major funds. These are classified as governmental funds.

The department has one proprietary fund, the Department of Revenue (DOR) Information Fund. It receives fees the department charges for the sales of its information and publications. These fees are classified as operating revenue in the financial statements. Operating expenses consists of sales and service, administrative costs, and depreciation expense on capital assets. Nonoperating expenses are transfers to the State Highways and Transportation Department Fund.

The other fund type the department reports is fiduciary funds which are all agency funds. The department's agency funds account for collections made for other states and provinces, Missouri cities, counties, and school districts, and other organizations.

The department follows private-sector accounting and financial reporting standards issued prior to December 1, 1989, for the department-wide, DOR Information Fund, and fiduciary fund financial statements if those standards do not conflict with the Governmental Accounting Standards Board's (GASB) guidance. The department follows GASB, and not private-sector, standards issued after December 1, 1989.

The department reports all revenue it collects (taxes and licenses, permits, and fees) as general revenue in the department-wide Statement of Activity. Upon collection, the department transmits all revenues to the Missouri State Treasurer. The department does not have authority to use these revenues to support department operations.

D. Cash and Cash Equivalents

Cash and cash equivalents include money held in cash management accounts, collection system accounts, and float.

E. Investments

Cash resources in the agency funds are combined to form a pool for investment purposes. These are stated at fair value. The department's contracted bank manages the investments in accordance with an agreement entered in September 2002. The investments are expected to be held to maturity, and their term length ranges from three months to one-year. The department's contracted bank distributes interest income earned as a result of pooling to the appropriate funds based on each fund's equity in the pooled investments.

According to generally accepted accounting principles, the department reports the portions of agency fund assets held at June 30 for other agency and governmental funds in those funds.

F. Interest Receivable

Interest receivable represents accrued interest on investment securities.

G. Accounts Receivable

Accounts receivable are due from taxpayers and are derived primarily from taxes, interest, penalties, or additions to tax. Receivables are reported gross of allowances for doubtful accounts. Allowances for doubtful accounts are presented separately in the financial statements.

Estimates of withholding, sales and use, and motor fuel and special fuel taxes due to the department are computer or manually generated based on the taxpayer's past liability when the taxpayer fails to file a return. Estimates of individual and corporate taxes are based on matching with federal tax returns. It is uncertain whether a liability exists at the time the estimate is generated, therefore, the actual tax receivable is not measurable. Thus, estimates are not included in the receivables or revenues shown on the financial statements. At June 30, 2004, the tax revenue estimate was approximately \$450 million.

Receivables to the General Fund are 25 percent corporate income tax, 45 percent individual income tax, 24 percent sales and use tax, and 6 percent all other revenue. Receivables to the Motor Fuel Tax Fund are all motor fuel tax. Receivables to the School District Trust Fund are all sales and use tax. Receivables to the State Highways and Transportation Department Fund are 27 percent sales and use tax, 72 percent license, permits, and fees, and the rest are due from the Motor Fuel Tax Fund and DOR Information Fund. The remaining receivables in the nonmajor governmental funds are 11 percent licenses, permits, and fees, 81 percent sales and use tax, and 8 percent all other revenue.

H. Internal Balances/Due to and Due from Other Funds

The internal balances reported on the department-wide Statement of Net Assets represents the amount the DOR Information Fund owes the General Fund and/or the State Highways and Transportation Department Fund.

Due to and due from other funds reported in the fund financial statements represent interfund payables and receivables that arise from interfund transfers required by Missouri statutes.

I. Due to and Due from State Treasurer

Amounts reported as due to the State Treasurer represent the department's obligation to transfer accounts receivable (less allowances and deferred revenues) to the State Treasurer when received. Amounts reported as due from the State Treasurer represent payments received from taxpayers in excess of their computed tax liability.

J. Funds in Custody of State Treasurer

Funds in custody of the State Treasurer are sales tax bonds, transient employer bonds, and protested income and sales and use tax. The corresponding liabilities are funds held in trust (protested taxes) and due to other entities (bonds).

K. Inventory

Inventory consists of supplies, postage, license plates, and tabs. Supply inventories consist primarily of office supplies and bureau-specific forms. Inventories are valued at actual cost using the first-in, first-out method of inventory valuation. In the department-wide statements, inventories are expensed as used. In the governmental fund financial statements they are

recognized as expenditures when purchased using the purchase method. Inventories on-hand at fiscal year end are recorded on the governmental fund financial statements as a reserve of fund balance.

L. Capital Assets

Capital assets include furniture, equipment, and software. They are reported in the applicable governmental or business-type activities column of the department-wide Statement of Net Assets. The department follows the Missouri State Auditor’s definition of a capital asset, which is an asset that costs more than \$1,000 with a useful life of more than one year. The department depreciates/amortizes capital assets using the straight line method over the estimated average useful lives stated below.

DEPARTMENT OF REVENUE		
ESTIMATED USEFUL LIVES		
Assets	Years	
Vehicles	5	
Furniture	10	
Office Equipment	5	
Computer Equipment/Software	3	
Personal Computer Software	10	(developed in-house)
Mainframe Software	12	(developed in-house)

Capital assets are valued at historical cost or estimated historical cost when actual historical cost is unknown. In the governmental fund financial statements, capital assets are reported as expenditures when purchased.

M. Refunds Payable

Refunds payable consist of amounts owed for overpayment of individual and corporate income tax, corporate franchise tax, sales and use tax, insurance premium tax, estate tax, motor fuel tax, workers’ compensation, overpayments, and errors.

N. Accounts Payable

Accounts payable amounts are owed to vendors for goods and services.

O. Accrued Payroll

Accrued payroll represents amounts paid in the subsequent fiscal year for the last pay period of the current fiscal year.

P. Bank Service Charges Payable

Bank service charges payable are charges accrued in agency fund bank accounts at fiscal year end but not yet paid.

Q. Due to Other Entities

The amount due to other entities includes cash and transient employer bonds held by the State Treasurer, fees owed for collection services, and motor fuel tax distributions owed to local governments.

R. Funds Held in Trust

Funds held in trust on the Statement of Net Assets and Combined Balance Sheet represent income tax and the 3 percent General Fund portion of sales and use tax paid under protest. Protested sales and use taxes and income taxes are either returned to the taxpayer or remitted to the state based upon decisions reached by the Administrative Hearing Commission or various courts.

S. Deferred Revenues

On the department-wide statements, deferred revenues are amounts collected at or before June 30, but earned the subsequent year. The deferred revenue amounts on the department-wide statements are \$1,000.

Deferred revenues in the governmental fund statements are unearned revenue plus accounts receivable that have met asset recognition criteria but have not met revenue recognition criteria (tax and fee delinquencies). Therefore, such amounts are reported within the accompanying financial statements as an asset and offset by a deferred revenue account (net of allowances). As the revenue recognition criteria is met in subsequent periods, the liability for deferred revenues is removed and revenue is recognized.

On the governmental fund statements revenues have been offset \$604 million within the General Fund, \$138,000 within the Motor Fuel Tax Fund, \$36 million within the School District Trust Fund, and \$53 million in all other funds. These amounts are measurable but not available. The availability period for the state of Missouri is 60 days.

T. Long-Term Debt

Long-term obligations of the department consist of compensated absences and lease/purchase obligations. Long-term liabilities financed by governmental funds are not reported in the governmental fund statements but are reported on the department-wide statements.

Compensated absences represent accumulated unpaid vacation and compensatory time in the department-wide and DOR Information Fund financial statements and are accrued when incurred. In the governmental fund statements, these amounts are not accrued but are recorded as expenditures when paid.

Lease/purchase obligations include the present value of net minimum future lease payments paid from the General Fund and/or the State Highways and Transportation Department Fund. They are reported as liabilities in the department-wide statements and the current fiscal year proceeds as other financing sources in the governmental fund statements.

U. Fund Balance

The difference between assets and liabilities is reported as net assets on the department-wide, proprietary, and fiduciary fund financial statements and as fund balance on the governmental fund financial statements.

The negative unreserved fund balances in the governmental fund statements represent liabilities that were paid from Fiscal Year 2005 appropriations. The reserved fund balances represent the portion of fund balance not available for expenditure. The amounts presented as negative fund balances at June 30, 2004, resulted from the liabilities as shown below.

The reserved fund balance includes the following two accounts.

Reserved for Encumbrances is an account used to segregate a portion of fund balance for amounts paid from current year appropriations for the subsequent year's obligation.

Restricted/Reserved for Inventory is an account to segregate a portion of fund balance to indicate that inventory does not represent available, spendable resources even though it is a component of assets.

V. Revenues/Refunds

Revenues are reported net of uncollectible accounts of \$267 million in the department-wide Statement of Activity and in the governmental fund statements, \$226 million for the General Fund, \$22 million for the School District Trust

Fund, and \$19 million for all other funds. In addition, revenues are reported net of refunds of \$1.2 billion in the department-wide Statement of Activities and the governmental fund statements, \$1.1 billion for the General Fund, \$9.6 million for the Motor Fuel Tax Fund, \$1.5 million for the State Highways and Transportation Department Fund, and \$888,000 for all other funds.

W. Expenses/Expenditures/Refunds

Expenses/Expenditures are reported net of revenue overcollections (refunds).

X. Lapsed Balances

Lapsed balances is a budgetary account. It represents unspent department appropriations on the governmental fund financial statements. The department does not have authority to spend funds representing lapsed balances.

NOTE 2.

**RECONCILIATION OF DEPARTMENT-WIDE TO FUND
FINANCIAL STATEMENTS AND BUDGETARY TO GAAP BASIS**

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Department-Wide Statement of Net Assets

The governmental fund Combined Balance Sheet includes a reconciliation between fund balance – total governmental funds and net assets – governmental activities as reported in the department-wide Statement of Net Assets. One element of that reconciliation explains that long-term liabilities are not due and payable in the current period and therefore are not reported in the funds. The details of this \$3.1 million difference are listed below.

**DEPARTMENT OF REVENUE

Capital Leases	261
	<hr/>
Net Long-Term Liability Adjustment to Decrease Fund Balance–Total Governmental Funds to Arrive at Net Assets–Governmental Activities	\$3,132
	<hr/>

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Department-Wide Statement of Activities

The governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net assets of governmental activities as

reported in the department-wide Statement of Activities. One element of that reconciliation explains that governmental funds report capital outlays as expenditures, but the Statement of Activities allocates the cost of those assets over their estimated useful lives as depreciation/amortization expense. The details of this \$884,000 difference are listed below.

DEPARTMENT OF REVENUE	
CAPITAL OUTLAY LESS DEPRECIATION/AMORTIZATION EXPENSE	
(in thousands of dollars)	
Depreciation/Amortization Expense	\$ 3,893
Capital Outlay	<u>(3,009)</u>
Net Capital Outlay Adjustment to Decrease Net Changes in Fund Balances – Total Governmental Funds to Arrive at Changes in Net Assets of Governmental Activities	<u>\$ 884</u>

Another element of that reconciliation states that some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. Net compensated absences of (\$205,000), net inventory usage of \$938,000, and capital lease obligation principal payments of (\$360,000) make up the difference.

C. Budgetary Data

The department’s annual budget is prepared principally on the cash basis and represents appropriations requested by the department and recommended by the Governor. The Governor submits his budget to the state legislature for approval. The state legislature returns the approved budget bill to the Governor for his signature or veto.

The state legislature appropriates money to the department at the departmental level, the legal level of budgetary control. Expenditures cannot exceed the appropriation amounts at the individual appropriation level and are monitored through the use of allotments. The Governor has the authority to reduce the allotments or appropriations in any fund if it appears that revenues for the fiscal year will fall below the estimated revenues. Unexpended appropriations lapse at the end of each appropriation year.

The department may increase certain estimated original appropriation amounts as necessary. If the department requires supplemental appropriations for an appropriation year, the state legislature enacts them during the next legislative session by the same process used for original appropriations.

D. Budgetary to GAAP Basis Reconciliation

The Schedule of Reconciliation of Budget to Generally Accepted Accounting Principles (GAAP) on page 48 provides a reconciliation of appropriations and expenditures shown on the Schedules of Appropriations and Expenditures - Budget to Actual on pages 44 through 47 to revenues and expenditures reported on the Statement of Revenues, Expenditures, and Changes in Fund Balance – Governmental Funds.

**NOTE 3.
DEPOSITS AND INVESTMENTS**

The Governmental Accounting Standards Board (GASB) issued Statement No. 40, Deposit and Investment Risk Disclosures, in March 2003. Statement No. 40 modifies Statement No. 3's disclosure requirements related to investment risks. These risks are credit risk including custodial credit risk and concentrations of credit risk, interest rate risk, and foreign currency risk. The Statement also modifies disclosure requirements for deposit risks which are custodial credit risk and foreign currency risk. The requirements of the new Statement are effective for reporting periods beginning after June 15, 2004. The GASB encourages early implementation. The department chose to implement in Fiscal Year 2003.

A. Deposits

Article IV, Section 15 of the Constitution of Missouri requires the department to hold nonstate funds. For reporting purposes, deposits include cash management bank account balances the department maintains at its contracted bank and collection system bank account balances. All department deposits are insured by the FDIC up to \$100,000. The balance is secured by collateral pledged to the department.

Department collateral securities are either held in a Federal Reserve Bank joint custody account or by a third party custodian. Administrative Rule 12 CSR 10-43.030 governs the type of collateral securities the department may accept.

B. Investments

All investments in repurchase agreements and securities are 100 percent secured by the underlying United States Treasury or agency securities which are in the department's name. The department's contracted bank guarantees no loss of principal or interest to the department. At June 30, 2004, investments consisted of amounts as shown on the next page.

Department investment securities are held in a joint custody account with the department's contracted bank at the Federal Reserve Bank of Boston. The joint custody account requires that department personnel release securities which are in the department's name. The type of securities the department may invest is governed by Administrative Rule 12 CSR 10-43.020.

Allowable investment securities are United States Treasury bills, notes, and bonds, securities of the Federal National Mortgage Association (FNMA), Student Loan Marketing Association (SLMA), Federal Home Loan Bank (FHLB), Federal Home Loan Mortgage Corporation, (FHLMC), and Federal Farm Credit System (FFCS), and repurchase and reverse repurchase agreements secured by one of the securities listed previously.

Safety responsibility securities are proof of financial responsibility that owners of motor vehicles pledge to the department in lieu of automobile insurance as provided by Section 303.240, RSMo. The department secures the securities in the State Treasurer's Office safe. At June 30, 2004, the value of these securities was \$2.9 million.

The Statement of Net Assets and the Combined Balance Sheet also includes \$37 million for sales and use tax bonds, \$234,000 for protested income tax, \$8 million for protested sales and use tax, and \$755,000 for transient employer bonds in the General Fund. Because these amounts are under the custody and control of the State Treasurer, responsibility for investing and securing these funds rests with that office. At June 30, 2004, these funds were invested as shown below. The State Treasurer's investments were secured with securities held by the State Treasurer or by her agent in the State Treasurer's name.

NOTE 5.
LEASING OBLIGATIONS

A. Capital Leases

The department entered into various lease/purchase agreements for the acquisition of office equipment. FASB Statement No. 13, “Accounting for Leases” requires a lease that transfers substantially all of the benefits and risks of ownership to the lessee to be accounted for as the acquisition of a fixed asset and the incurrence of an obligation of the lessee (a capital lease). Therefore, the liability represents the net present value of the remaining lease/purchase agreements.

The General Fund and/or the State Highways and Transportation Department Fund supply funds for payment of these lease obligations. The use of the leased equipment and the availability of monies in each fund dictates which fund pays for specific leased equipment.

Capital leases and the related assets are not reported on the fund financial statements of governmental type funds. Capital leases of the department are reported on the department-wide statements as long-term liabilities along with related assets.

The assets acquired through capital leases are shown below.

2006	104
2007	
2008	
Total Minimum Lease Payments	\$261
Less: Amount Representing Interest	22
NPV of Minimum Lease Payments	\$239

The department's business activities did not have any capital leases at June 30, 2004.

B. Operating Leases

The department, through the Office of Administration (OA), enters into various operating leases for land and buildings. Each lease contains a fiscal funding clause indicating that continuation of the lease is subject to annual funding by the legislature. The department expects that in the normal course of business it will renew most of the leases or replace them with similar leases. However, at the

end of Fiscal Year 2005, OA will cancel several of the department’s leases because of branch office closings. OA has responsibilities for the payment of operating lease obligations.

**NOTE 6.
COMPENSATED ABSENCES**

The state of Missouri’s policy for vacation pay allows employees to take time off with pay, to accumulate this leave to a specified maximum, and to receive accumulated leave on termination. A normal year’s accumulation for the department is approximately 29,041 days. At June 30, 2004, accumulated leave was 29,033 days. This would require approximately \$2.8 million to satisfy at salary rates then in effect (excluding the state’s share of social security, retirement, and insurance).

Employees who are eligible under the Fair Labor Standards Act earn compensatory leave. The department’s policy allows the department to provide for any combination of compensatory time off and overtime payment. Accumulated compensatory time at June 30, 2004, was 168 days. This would require approximately \$14,000 to satisfy at salary rates then in effect (excluding the state’s share of social security, retirement, and insurance).

Accumulated sick leave is not paid upon employee termination and does not represent a liability to the department. The department will pay the majority of compensated absences from the General Fund and the State Highways and Transportation Department Fund.

**NOTE 7.
CHANGES IN LONG TERM LIABILITY**

The following is a summary of changes in long-term liability for the year ended June 30, 2004.

DEPARTMENT OF REVENUE CHANGES IN LONG-TERM LIABILITY (in thousands of dollars)				
	Beginning Balance	Increases	Decreases	Ending Balance
Governmental Activities:				
Compensated Absences	\$3,076	3,704	3,909	2,871
Capital Leases	621		360	261
Governmental Activities Long-term Liabilities:	<u>\$3,697</u>	<u>3,704</u>	<u>4,269</u>	<u>3,132</u>
DOR Information Fund Activities:				
Compensated Absences	\$ 1	31	8	24
DOR Information Fund Long-Term Liabilities:	<u>\$ 1</u>	<u>31</u>	<u>8</u>	<u>24</u>

The Reconciliation of the Statement of Revenue, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities provides a line item of the net effect of \$360,000 for lease proceeds received during Fiscal Year 2004 (increases) and lease principal payments (decreases). Capital leases are capitalized and depreciated in the department-wide statements, but proceeds are treated as other financing sources and principal payments as expenditures in the governmental fund statements. The reconciliation also provides the net effect of (\$205,000) of compensated absences accruals (increases) and payments (decreases). Compensated absences accruals are treated as expenses in the department-wide statements. Expenses for compensated absences in the governmental fund statements are actual payments for usage during the fiscal year.

NOTE 8.
INTERFUND RECEIVABLES AND PAYABLES

A summary of interfund receivables and payables at June 30, 2004, is shown below.

DEPARTMENT OF REVENUE		
INTERFUND BALANCES		
(in thousands of dollars)		
<u>Receivable Fund</u>	<u>Payable Funds</u>	<u>Amount</u>
State Highways and Transportation Department Fund	DOR Information Fund	\$ 742
	Motor Fuel Tax Fund	47,152
Total Interfund Balances		\$ 47,894

Section 32.067, RSMo requires the department to transfer from the DOR Information Fund to the State Highways and Transportation Department Fund moneys derived from highway related sales of information. Section 226.200, RSMo, requires the department to transfer taxes on motor vehicle fuels to the State Highways and Transportation Department Fund. The department deposits motor fuel taxes to the Motor Fuel Tax Fund initially.

NOTE 9.
RISK MANAGEMENT

In accordance with Section 105.711, RSMo, the State Legal Expense Fund provides for the payment of any claim against the state of Missouri or any of its agencies pursuant to Section 537.600, RSMo.

NOTE 10. EMPLOYEE FRINGE BENEFITS

Employees are covered by the Missouri State Employees' Plan (MSEP) Retirement System (MOSERS), the Social Security System (OASDHI), and the Missouri Consolidated Health Care Plan (MCHCP). The state of Missouri pays pension costs, life and disability insurance costs, the state's portion of social security taxes, and the state's contribution to the medical benefit plan from the same fund as the related payrolls. The state legislature appropriates OA the money to pay department's employees' fringe benefit costs and, therefore, such costs are not included in the department's financial statements. For the year ended June 30, 2004, the cost to the state of Missouri for department employees' fringe benefits was approximately \$20.8 million. Of this amount, \$6 million represented the amount contributed by OA for the MOSERS retirement plan.

MOSERS, authorized by Chapter 104, RSMo, is a noncontributing, defined benefit plan. To be eligible to participate in the MOSERS plan, employees must be employed in a position normally requiring them to work at least 1,000 hours a year and must not be accumulating benefits in another retirement system to which the state is contributing. An employee is vested once they have five years of service.

MOSERS has two benefit structures known as MSEP (closed plan) and MSEP2000 (new plan). Under MSEP, normal retirement age is 65 if active with four years of service, if not active with five years of service. Employees may retire at age 60 with 15 years of service. Employees may retire at age 55 with 10 years of service and receive reduced benefits. Employees may retire at age 48 with full benefits if their combined age and years of service equal 80 (Rule of 80). Under MSEP2000, employees may retire under the Rule of 80 or at 62 with five years of service. They may retire with reduced benefits at age 57 with five years of service.

Fiscal Year 2004 payroll for all employees of the department was \$51.7 million. Of this amount, \$51.7 million was eligible payroll under the MOSERS retirement plan.

For employees hired prior to August 28, 1997, pension cost of living adjustments (COLA's) are provided annually based on 80 percent of the change in the Consumer Price Index (CPI) with a floor of 4 percent and a ceiling of 5 percent, until the cumulative amount of COLA's equal 65 percent of the original benefit, thereafter the 4 percent floor is eliminated. For members hired on or after August 28, 1997, COLA's are provided annually based on 80 percent of the change in the CPI up to a maximum rate of 5 percent. Qualified, terminated-vested members may make a one-time election to receive the present value of benefit in a lump sum payment. To qualify, an employee must have terminated with at least five, but less than 10 years of service, be less than age 60, and have a benefit present value of less than \$10,000.

MCHCP, authorized by Chapter 103, RSMo, is a self-funded medical benefit plan paid by state and member contributions. Active state employees covered by MOSERS or members of the Public School Retirement System may enroll in the plan. Qualifying vested employees may continue medical coverage as well as life insurance and long-term disability benefits (if applicable) after leaving the department.

Senate Bill 248, passed by the Missouri General Assembly and signed by the Governor in 2003, provided a health care retirement incentive for employees who retired between February 1, 2003, and September 1, 2003. Employees who retired during this time period may continue medical coverage for themselves and any eligible dependents at the active employee cost.

Employees may also participate in the state's deferred compensation, cafeteria, dental, and vision plans. Created in accordance with Internal Revenue Code Section 457, the Missouri State Public Employees Deferred Compensation Plan permits employees to defer a portion of their current salary to future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The state also provides the Deferred Compensation Incentive Plan. Employees are eligible to participate in the incentive plan if they have been employed by the state for 12 consecutive months preceding the state's contributions to the incentive plan and are making continuous monthly deferrals of at least \$25 to the deferred compensation plan. The state's contribution is \$25 per eligible employee.

The cafeteria plan is a flexible compensation program created in accordance with Internal Revenue Code Section 125. This plan permits employees to reduce their salaries in exchange for nontaxable benefits, creating tax savings that are used to pay or reimburse certain expenses elected by the employees. The options available to employees are medical expense reimbursement, dependent care reimbursement, and premium payment for state health, life, dental, and vision insurance.

NOTE 11. PRIOR PERIOD ADJUSTMENTS AND REPORTING CHANGES

Fiscal Year 2003 ending compensated absences and capital leases balances as reported in the Fiscal Year 2003 Comprehensive Annual Financial Report (CAFR) have been restated to correct calculation mistakes and to accurately report Fiscal Year 2004 beginning balances.

Cash and cash equivalents and unrestricted net assets were adjusted \$64,000 in the proprietary fund statements and in the proprietary activities on the department-wide statements and \$854,000 in the governmental activities on the department-wide statements for balancing purposes. The amounts were determined to be immaterial.

Sections 143.782 through 143.788, RSMo, allows the Department of Revenue (department) to offset individual income tax refunds to satisfy any debt in excess of \$25 if requested by any state or federal agency. The department places offset monies in the Debt Offset Escrow Fund to allow the taxpayer to contest the offset within 30 days of receipt of notice. If the debtor fails to contest the offset or there is a ruling in favor of the state or federal agency, the appropriate agency transfers funds from the escrow account to the applicable fund(s). The department's Debt Offset Refund appropriation and expenditures represent offsets applied to motor vehicle and driver license bad debts.

Missouri Department of Revenue

Nonmajor Governmental Funds and Combining Statements and Schedules

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

CAPITAL PROJECTS FUNDS

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

The Combining Statements and Schedules provide detail about the individual funds that are included in the Other Governmental Funds column on the basic governmental fund financial statements.

Nonmajor Special Revenue Fund Descriptions

ANTITERRORISM FUND

The Antiterrorism Fund, as authorized by Section 41.033 and 301.3123, RSMo, receives monetary donations from individuals conducting motor vehicle transactions. The Missouri Office of Homeland Security uses money from the fund for antiterrorism activities.

AVIATION TRUST FUND

The Aviation Trust Fund, as authorized by Section 155.090, RSMo, receives collections from a use tax imposed on each gallon of aviation fuel used in propelling aircraft with reciprocating engines. It also receives sales and use tax imposed on aviation fuel, as authorized by Section 144.805, RSMo.

BLIND PENSION FUND

The Blind Pension Fund, as authorized by Section 209.130, RSMo, receives collections of a 3 cent tax on each \$100 valuation of taxable property in the state of Missouri. Also, as authorized by Section 137.1021, RSMo, this fund receives six-tenths of 1 percent of the County Private Car Tax Trust Fund balance.

BLINDNESS EDUCATION, SCREENING, AND TREATMENT PROGRAM FUND

The Blindness Education, Screening, and Treatment Program Fund, as authorized by Section 301.020 and 302.171, RSMo, receives monetary donations from motor vehicle registrants and drivers' license applicants. The Missouri Department of Health and Senior Services receives funds collected for the purpose of blindness education, screening, and treatment.

BOLL WEEVIL SUPPRESSION AND ERADICATION FUND

The Boll Weevil Suppression and Eradication Fund, as authorized by Section 263.537, RSMo, receives a 1 percent collection fee from assessments levied on cotton growers by the Missouri Department of Agriculture. The Department of Agriculture uses these funds to administer the Boll Weevil Suppression and Eradication Program.

CHILD SUPPORT ENFORCEMENT FUND

The Child Support Enforcement Fund, as authorized by Section 208.170, RSMo, receives moneys collected pursuant to Section 454.405 and 454.420, RSMo. The fund consists of moneys from various sources including moneys collected from individuals with child support obligations on behalf of recipients.

CHILDREN'S TRUST FUND

The Children's Trust Fund, as authorized by Section 451.151, RSMo, receives a \$15 portion of fees that county recorders of deeds charge for the issuance of marriage licenses and a \$7 portion of fees charged for a certified copy of a marriage license. The fund also receives contributions from individuals conducting motor vehicle transactions, as authorized by Section 301.463, RSMo, and contributions of \$2 or more that taxpayers designate on their income tax return, as authorized by Section 210.174, RSMo.

CONSERVATION COMMISSION FUND

The Conservation Commission Fund, as authorized by Article IV, Section 43(a), Constitution of Missouri, receives one-eighth of 1 percent of sales/use tax collections.

CRIME VICTIMS' COMPENSATION FUND

The Crime Victims' Compensation Fund, as authorized by Section 595.045, RSMo, receives 50 percent or 75 percent of the remaining money from the \$7.50 surcharge assessed as court costs in each court proceeding filed in any court in the state for violation of any criminal or traffic law of the state, including an infraction and violation of a municipal ordinance after the department deposits the maximum amount into the State Forensic Laboratory Fund. The fund receives 50 percent if the balance of the money exceeds \$1 million plus the previous 12 months expenditures paid pursuant to Sections 595.010 to 595.075, RSMo, excluding Section 595.050 and 595.055, RSMo. The fund receives 75 percent if the balance of the money is less than \$1 million plus the previous 12 months expenditures paid pursuant to Sections 595.010 to 595.075, RSMo, excluding Section 595.050 and 595.055, RSMo. The fund also receives 100 percent of the judgment amounts entered by the courts for various convictions. These judgment amounts are as follows:

- A. Sixty-eight dollars for the conviction of a Class A or B felony;
- B. Forty-six dollars for the conviction of a Class C or D felony; and
- C. Ten dollars for the conviction of various misdemeanors.

CRIMINAL RECORD SYSTEM FUND

The Criminal Record System Fund, as authorized by Section 43.530, RSMo, receives fees the Missouri Department of Revenue collects on behalf of the state highway patrol's central repository. These fees are for criminal records checks and fingerprint searches.

DEPARTMENT OF REVENUE FEDERAL FUND

The Division of Motor Vehicle and Drivers Licensing, the Criminal Investigation Bureau, and the General Counsel's Office entered into contracts for federal grants from the Federal Highway Administration and the National Highway Traffic Safety Administration. These grants are for various drivers licensing programs and highway use tax compliance. All Missouri Department of Revenue (department) appropriations pertaining to grant expenditures are charged to this fund. Consequently, the department transmits all reimbursement receipts to this fund.

Missouri Department of Revenue

Agency Funds

The Agency Funds are used to account for assets held by the Missouri Department of Revenue as agent for other governments.

Agency Fund Descriptions

BASE STATE REGISTRATION FUND

The Base State Registration Fund, as authorized by Section 622.095, RSMo, receives registration, administration, and license fees that are collected by the Missouri Department of Transportation (MoDOT) on behalf of other jurisdictions under the Base State Registration Plan. MoDOT directs the payment of the fees collected to the appropriate jurisdictions. The Missouri Department of Revenue exercises administrative control over the fund.

CABARET SALES TAX FUND

The Cabaret Sales Tax Fund received escrowed collections of a cabaret sales tax as directed by the Circuit Court of Cole County. The Missouri Department of Revenue began distributing the money, as directed by the court, to cities and counties in Fiscal Year 2002.

CIGARETTE TAX FUND

The Cigarette Tax Fund, as authorized by Section 66.340, 66.350, and 210.320, RSMo, receives cigarette tax money the Missouri Department of Revenue (department) collects for Jackson County and St. Louis County. Both counties impose a 2 ½ mills per cigarette tax (5 cents per pack of 20 cigarettes) on cigarette sales. The department disburses the tax collections back to Jackson County and the political subdivision within St. Louis County.

CIGARETTE AND OTHER TOBACCO PRODUCTS BOND FUND

The Cigarette and Other Tobacco Products Bond Fund, as authorized by Section 149.035, RSMo, receives cash bonds that are posted by tobacco product wholesaler licensees. The Missouri Department of Revenue refunds the bonds to the licensee when the licensee discontinues operations. The licensee forfeits the bond to the state if he/she becomes delinquent in paying his/her taxes.

COUNTY PRIVATE CAR TAX TRUST FUND

The County Private Car Tax Trust Fund, as authorized by Section 137.1021, RSMo, receives taxes imposed on freight line companies. Six-tenths of 1 percent is transferred to the Blind Pension Fund and a 1 percent collection fee is transferred to the General Fund. The remaining proceeds are distributed to counties. The distribution is based on each county's percentage of main track line to the aggregate total of the state.

COUNTY STOCK INSURANCE FUND

The County Stock Insurance Fund, as authorized by Section 148.330, RSMo, receives premium tax from domestic stock insurance companies and distributes the money to the State Treasurer, counties, and school districts.

DEPARTMENT OF AGRICULTURE CHECK-OFF FUND

The Missouri Department of Agriculture Check-Off Fund, as authorized by Section 275.350, RSMo, receives commodity merchandising program fees collected by the Missouri Department of Agriculture. At the direction of the Missouri Department of Agriculture, the Missouri Department of Revenue (department) distributes these fees to individual commodity councils or transfers them to the state's commodity council merchandising fund. The department exercises administrative control over the fund.

FINANCIAL INSTITUTIONS TAX FUND

The Financial Institutions Tax Fund, as authorized by Chapter 148, RSMo, receives collections of a tax on the net income of financial institutions. The Missouri Department of Revenue collects the tax and disburses it back to the counties.

FUEL LOCAL DEPOSIT (FLOYD) FUND

The Fuel Local Deposit (FLOYD) Fund receives highway use taxes and fees and distributes the money to local political subdivisions monthly.

INTERNATIONAL FUEL TAX AGREEMENT FUND

The Missouri Department of Transportation uses the International Fuel Tax Agreement Fund to hold and disburse fuel tax revenue due to other jurisdictions or carriers generated under the International Fuel Tax Agreement. Missouri became a member of this agreement on January 1, 1990, under authority granted by Section 142.617, RSMo. The Missouri Department of Revenue exercises administrative control over the fund.

INTERNATIONAL FUEL TAX AGREEMENT BOND FUND

The Missouri Department of Transportation (MoDOT) uses the International Fuel Tax Agreement Bond Fund to hold fuel tax cash bonds to cover revenue generated under the International Fuel Tax Agreement. MoDOT refunds the bond to the taxpayer when the taxpayer discontinues business operations or deposits the bond proceeds in the Motor Fuel Tax Fund if the taxpayer forfeits the bond. The Missouri Department of Revenue exercises administrative control over the fund.

INTERNATIONAL REGISTRATION PLAN FUND

As authorized by Section 301.277, RSMo, the Missouri Department of Transportation (MoDOT) collects license plate fees due to other jurisdictions. MoDOT collects these fees and remits them to and disburses them from the International Registration Plan Fund. The Missouri Department of Revenue exercises administrative control over the fund.

LOCAL OPTION USE TAX FUND

The Local Option Use Tax Fund, as authorized by Section 144.757, RSMo, receives collections generated by a local use tax with a rate equal to the rate of the local sales tax in effect. The tax is imposed on all transactions, which are subject to taxes under Sections 144.600 to 144.745, RSMo. The Missouri Department of Revenue distributes this money to the taxing jurisdictions.

LOCAL SALES TAX FUND

The Local Sales Tax Fund receives various types of local political subdivision sales tax collections and subsequently, distributes the collections to the local political subdivisions. Numerous Missouri Revised Statute Sections authorize the local political subdivisions to enact local sales taxes if approved by a percent of the voters. One of the main statutes providing authorization is Chapter 94, RSMo.

LOCAL USE TAX FUND

The Local Use Tax Fund, as authorized by Section 144.748, RSMo, received collections from a 1½ percent use tax imposed by political subdivisions on the value of tangible personal property not subject to sales tax. The Missouri Department of Revenue (department) distributed the money to the political subdivisions. During Fiscal Year 1996, the Missouri Supreme Court determined that the tax was unconstitutional and, therefore, the department ceased collecting the tax. The department began issuing refunds in Fiscal Year 1998.

MISSOURI COTTON GROWERS ORGANIZATION FUND

The Missouri Cotton Growers Organization Fund, as authorized by Section 263.527, RSMo, receives assessments levied by the Missouri Department of Agriculture on cotton growers. Ninety-nine percent of these collections are distributed to the Missouri Cotton Growers Organization. The remaining 1 percent is deposited into the state's Boll Weevil Suppression and Eradication Fund as an administrative fee for use by the Missouri Department of Agriculture. The Missouri Department of Revenue exercises administrative control over the fund.

MOTOR FUEL BOND FUND

The Motor Fuel Bond Fund, as authorized by Section 142.462, RSMo, receives cash bonds from taxpayers. The Missouri Department of Revenue refunds the bond to the taxpayer when the taxpayer discontinues business operations or deposits the bond proceeds in the Motor Fuel Tax Fund if the taxpayer forfeits the bond.

MOTOR FUEL POOL BOND FUND

The Motor Fuel Pool Bond Fund, as authorized by Section 142.896, RSMo, receives payments from fuel distributors that have three years of satisfactory tax compliance, and therefore, may participate in a pool bond. The Missouri Department of Revenue uses the pool bond to cover motor fuel tax delinquencies.

MOTOR VEHICLE PROTEST FUND

The Motor Vehicle Protest Fund, as authorized by Section 144.700, RSMo, receives motor vehicle sales and use tax paid under protest. The Missouri Department of Revenue (department) transmits the general revenue portion of the taxes paid under protest to the General Fund and deposits the remainder into this fund. The department either returns the protested taxes to the taxpayer or remits the taxes to the state and appropriate political subdivisions based on decisions reached by the Administrative Hearing Commission or various courts.

PROTESTED SALES AND USE TAX FUND

The Protested Sales and Use Tax Fund, as authorized by Section 144.700, RSMo, receives sales and use taxes that taxpayers pay under protest. The Missouri Department of Revenue (department) transmits the 3 percent general revenue portion of state sales and use taxes paid under protest to the General Fund. The department deposits all other state and local sales and use taxes paid under protest into this fund. The department either returns the protested sales and use taxes to the taxpayer or remits them to the state and the appropriate political subdivisions based on decisions reached by the Administrative Hearing Commission or various courts.

RIVERBOAT GAMING FUND

The Riverboat Gaming Fund is a combination of the following collections.

- **Riverboat Gaming Admission Fees**

As authorized by Section 313.820 and 313.835, RSMo, the Missouri Department of Revenue collects a \$2 admission fee from gaming boats for each person embarking on a boat. The department transfers 50 percent of these fees to the Gaming Commission Fund and distributes 50 percent to the home dock cities and counties.

- **Riverboat Gaming Gross Receipts Tax**

As authorized by Section 313.822, RSMo, the Missouri Department of Revenue (department) collects gaming gross receipts tax from boats conducting gaming activities. The department transfers 90 percent of these taxes to the Gaming Proceeds for Education Fund and distributes 10 percent to home dock cities and counties.

SAFETY RESPONSIBILITY CUSTODY FUND

The Safety Responsibility Custody Fund, as authorized by Section 303.030, RSMo, receives deposits from uninsured motorists involved in motor vehicle accidents. The Missouri Department of Revenue makes disbursements from this fund to pay claims by other parties involved in the accident or refunds deposits to depositors one year or more after the accident date if the uninsured motorist has fulfilled all legal requirements.

SECRETARY OF STATE UCC COLLECTION FUND

The Secretary of State UCC Collection Fund, as authorized by Section 400.9-525, RSMo, receives \$7 of a fee that the Secretary of State's Office assesses for filing and indexing a record. The Secretary of State's Office distributes the money to the County Employees'

Retirement Fund pursuant to Section 50.1010, RSMo, or to those counties whose employees are not members of the County Employees' Retirement Fund. The Missouri Department of Revenue exercises administrative control over the fund.

ST. LOUIS 3/8% HOLDING FUND

The St. Louis 3/8% Holding Fund received contested local sales tax due St. Louis City. Due to the expiration of the appeal period, the Missouri Department of Revenue (department) has distributed most of the tax to St. Louis City. The department will transfer the balance of the fund to the General Fund and/or distribute it to St. Louis City.

STATUTORY COUNTY RECORDER'S FUND

The Statutory County Recorder's Fund, as authorized by Section 59.800, RSMo, receives \$2 of a \$5 fee collected by county recorder of deeds for each instrument recorded. Annually, the Missouri Department of Revenue distributes the amount collected, less \$55,000, to qualified counties. A qualified county is a county that has elected to separate the offices of clerk of the circuit court and recorder. Also, the office of the recorder of deeds has to collect less than \$55,000 from the \$3 of the \$5 fee.

This is a tax on net premiums or net deposits on insurance companies and self-insurers. The tax is authorized by Section 287.690, RSMo. The tax rate, not to exceed 2 percent, is set by the Director of the Division of Workers' Compensation. The Director set the tax rate at 2 percent for calendar year 2003 and 1 percent for calendar year 2004. Disposition of the tax is to the Workers' Compensation Fund and the Second Injury Fund for support of the Division of Workers' Compensation.

See next page for a description of an additional tax type and a graph comparing 5 years of collections.

INSURANCE TAX

(continued)

Second Injury

This is a surcharge on insurance companies and self-insurers for the purpose of providing revenue for the Second Injury Fund. The tax is authorized by Section 287.715, RSMo. The tax rate is set at and calculated against a percentage of the policyholder's or self-insurer's workers' compensation net deposits, net premiums, or net assessments of the previous year. The Director of the Division of Workers' Compensation set the rate at 4 percent for calendar years 2003 and 2004.

LOCAL SALES AND USE TAX

Local Sales Tax

This is a local political subdivision sales tax with a base the same as the state sales tax. Numerous revised statute sections authorize the local political subdivisions to enact local sales taxes if approved by a certain percentage of the voters. Chapters 67, 92, and 94, RSMo, are some of the main statutes providing authorization. The tax rate varies. Disposition of the tax is 99 percent to the taxing jurisdiction and 1 percent to the General Fund.

Tax Type	FY04 Amount Collected	Percent Increase/Decrease from FY03
Local Sales	\$1,771,660,460	6.0 %

According to Article IV, Section 30 (b) 2, Missouri Constitution, disposition of the motor vehicle education sales tax is 50 percent to the School District Trust Fund and 50 percent to funds dedicated for highway and transportation use. These highway and transportation funds are the State Road Fund (74 percent), the State Transportation Fund (1 percent), and the agency fund, Fuel Local Deposit (FLOYD) (25 percent). The FLOYD Fund distributes its portion to cities and counties.

See next page for descriptions of additional tax types and a graph comparing 5 years of collections.

STATE SALES AND USE TAX

(continued)

Highway Use Tax

This is a tax on vehicles purchased out of the state and titled in Missouri or a tax on the sale of a vehicle between individuals within Missouri. The tax is authorized by Section 144.440, RSMo. The tax rate is 4 percent. Disposition of the tax is to the State Highways and Transportation Department Fund (3 percent original tax) and various funds dedicated for highway and transportation use (1 percent tax increase). These highway and transportation funds are the State Road Fund (75 percent), and the agency fund, FLOYD Fund (25 percent). The FLOYD Fund distributes its portion to cities and counties.

Parks, Soils, and Water Conservation Sales and Use Tax

This is an additional state sales and use and motor vehicle sales tax. The tax is authorized by Article IV, Section 47, of the Constitution of Missouri. The tax rate is one-tenth of 1 percent. Disposition of the tax is 50 percent to the Parks State Sales Tax Fund and 50 percent to the Soils and Water State Sales Tax Fund.

Vehicle Sales Tax

This is a tax on the purchase of any new or used motor vehicle or trailer. The tax is authorized by Section 144.070, RSMo. The tax rate is 3 percent. Disposition of the tax is 50 percent to the General Fund and 50 percent to funds dedicated for highway and transportation use. These highway and transportation funds are the State Road Fund (74 percent), the State Transportation Fund (1 percent), and the agency fund, Fuel Local Deposit (FLOYD) (25 percent). The FLOYD Fund distributes its portion to cities and counties.

OTHER TAXES

County Private Car Tax

This is a tax imposed on freight line companies. The tax is authorized by Chapter 137, RSMo. Disposition of the tax is to the counties in the state based on each county's percentage of main line track mileage to the aggregate total of the state. Seventy percent is distributed to the school districts within each county and 30 percent to the county general revenue fund. Prior to the county distribution, six-tenths of 1 percent of the county private car tax is transferred to the Blind Pension Fund.

<u>Tax Type</u>	<u>FY04 Amount Collected</u>	<u>Percent Increase/ Decrease from FY03</u>

- (a) "Tax Distribution Summary - Cities" schedule beginning on page 111 provides the cigarette tax distribution to cities within St. Louis County. See page 93 for a description of cigarette tax.
- (b) See page 70 for a description of county private car tax.
- (c) See page 71 for a description of county stock insurance.
- (d) See page 71 for a description of financial institutions tax. County governments receive only part of the sums listed on this schedule.
- (e) See pages 95, 149, and 152 for a description of fuel tax and fee. The fuel tax and fee amounts include motor fuel tax, vehicle sales tax, and vehicle/driver and motor fuel fees.
- (f) St. Louis County receives the sales and use tax distributions for the cities within St. Louis County. The county is responsible for distributing the amounts to the cities.
- (g) See page 99 for a description of local sales tax.
- (h) See page 99 for a description of local option use tax.
- (i) See page 74 for a description of Statutory County Recorders Fund.
- (j) The total of tax distributions to counties and cities shown on the respective summaries will not equal tax collections shown on pages 93 thru 95 and 99 because of a one to 12 month lag of distributions, investment interest, a 1 to 2 percent collection fee, and vehicle/driver and motor fuel fees that are not included in the tax collections schedules. These fee collections are shown on pages 149, 150, and 152 thru 154.
