

Highway Sign Recognition Study Sheet

Missouri Department of Revenue

No Left Turn

No Right Turn

No U-Turn

No Trucks

Stop Sign

You must wait until crossing vehicles and pedestrians have cleared. You must stop at the stop line if one is present even if it is located past the stop sign.

Yield Sign

A yield sign is triangular. It is red and white with red letters. It means you must slow down and yield the right-of-way to traffic in the intersection you are crossing or roadway you are entering.

Do Not Enter Sign

When you see this sign at roadway openings, do not enter this road.

School Crossing

Slow down. Watch for children crossing the road. NOTE: This sign is being transitioned to neon green. This transition will take effect within the next 10 years. Sign may be yellow.

Railroad Crossing

The advance warning sign tells you that you are nearing a railroad crossing. Be prepared to stop.

Slippery When Wet

The road ahead becomes unusually slippery in wet weather. Drive carefully in these conditions.

Signal Ahead

There is a traffic light signal ahead on the road you are on. Be ready to stop.

Intersection

Another road crosses the road you are on. Watch carefully for traffic crossing your path.

Curve Sign

A curve sign is used to warn of a curve where the recommended speed is less than the posted speed limit for the highway.

Merge

Traffic from another road may be entering the road you are on. Be prepared for vehicles to move into your lane.

Added Lane

Traffic from another road will be entering the road you are on. No merging is necessary because a lane has been added.

Begin Divided Roadway

The road will soon become two-way traffic divided by a median or barrier.
