363		*EOD*				

648 calculated # characters

**General Information**

For blank fields, use a carriage return

County of Residence, field 25, must contain the four digit county code. If out-of-state, enter NONR.

All alpha characters should be in capital letters (A-Z).

# 2010 2-D Barcode Specifications for Form MO-1040A

Code Field	Form Line #	Description	Picture Clause	Max Size	Neg Values	Acceptable Values
------------	-------------	-------------	----------------	----------	------------	-------------------

Numeric fields aren't zero filled.

Refer to the "Acceptable Values" column for clarification of acceptable field values.

Negative amounts will have a leading minus sign.

Check boxes, an X indicates Yes, nothing is No (see Acceptable Values Column)

**Only whole dollar amounts should be entered on the MO-1040 return. When entering amounts (such as W-2s) where multiple amounts may need to be entered as a total, add the amounts together then round and enter.**

Any fields which can be negative are noted above. The picture clause should have a S (example: PIC S9(9)). A negative sign must be included in the field (example: -90, -1000) and precede the first number in the field.

The intended use of the Description Column is to cross reference the barcode field number, form line number, and form line wording. The description may not be exact due to limitations of space. Please refer to the tax form and instructions for the exact line wording.

**Trailer:** The last field in the barcode data stream is the trailer. The trailer is used to indicate the end of data has been reached. A static String of "\*EOD\*" is used as the trailer value. If a trailer is not found, this indicates a data overflow condition has occurred.

**Header Information:** There is information generic to all barcodes that should be placed first in the barcode data stream. The first six fields in the barcode comprise the official header. The fields in the official header are variable length and therefore can contain as much or as little data as is necessary. This information must be consistent among all barcodes and is defined below.

*(Note: The symbol <CR> is used to represent a single carriage return character.)*

**Header Version Number:** will be incremented each time the standards group alters the physical structure of the barcodes that were created using multiple header formats. This value is static for all barcodes and is currently T1.

**Developer Code:** A four-digit code used to identify the Software Developer whose application produced the barcode. The purpose of this field is to allow forms to be traced to the vendor producing them.

**Jurisdiction:** An alphanumeric identifier indicating the taxing jurisdiction. Use the US Postal Service's official state abbreviations.

**Description:** An alphanumeric identifier used to describe the form being processed. The identifier can be used to route the barcode information to the correct system for further processing. For Missouri, use MO1040.

**Specification Version:** A number that identifies the version of the specifications used to produce

the form barcode. These specifications are provided by the jurisdiction processing the form and describe the data layout in the barcode. Draft versions of the specifications are not assigned version numbers. The final version shall be "0", revision thereafter will increase numerically.

**Software/Form Version:** A vendor defined version number that reflects the software and form revision used to produce the barcode.

**Example**

Header Version Number "T1"  
 Developer Code:"9999"  
 Jurisdiction: "MO"  
 Description: "MO1040"  
 Specification Version: "0"  
 Software/Form Version: "1.0"

**Raw Header**

T1<CR>9999<CR>MO<CR>MO1040<CR>0<CR>1.0<CR>

**End of Data**

\*EOD\* must be printed in Field 363

**Trust Funds**

2010 2-D Barcode Specifications for Form MO-1040A

Code Field	Form Line #	Description	Picture Clause	Max Size	Neg Values	Acceptable Values
------------	-------------	-------------	----------------	----------	------------	-------------------

**TRUST FUND CODES for Form MO-1040, Lines 44i and 44j**

- 01 American Cancer Society
- 02 American Diabetes Association
- 03 American Heart Association
- 04 American Lung Association
- 05 Amyotrophic Lateral Sclerosis (ALS—Lou Gehrig's Disease)
- 07 Muscular Dystrophy Association
- 08 March of Dimes
- 09 National Arthritis Foundation
- 10 National Multiple Sclerosis Society
- 12 Cervical Cancer Fund
- 13 Breast Cancer Awareness

Please be sure to make this a two digit number. If it is a single digit number, add the zero on the left to make it a two digit number. (1=01; 2=02, etc.)

**Missouri encourages you to default the 2-D barcode to "ON" when your software is released. It is highly preferred that we receive returns with a 2-D barcode. Please make every effort to print a 2-D barcode on all your returns.**

**ADDRESS ISSUE:**

\*It is preferred that you print only the 2-D barcode mailing address on the form, if your company is implementing 2-D barcode. If your company is not implementing 2-D barcode, please print only the non-2-D barcode address. If this doesn't work for your company, please print both addresses or refer your clients to the instructions.

**REFUND:**

DEPARTMENT OF REVENUE, PO BOX 500, JEFFERSON CITY, MO 65106-0500.  
**(\*2-D Barcode ONLY—DOR, PO BOX 3222, JEFFERSON CITY, MO 65105-3222)**
