END OF PART ONE: INTRODUCTION AND GENERAL INFORMATION

2. SCOPE OF WORK

This section of the RFQ includes requirements and provisions relating specifically to the performance requirements of the Department. The contents of this section include mandatory requirements that will be required of the successful bidder and subsequent contractor. Response to this section by the bidder is requested in the Exhibit section of this RFQ. The bidder's response, whether responding to a mandatory requirement or a desired attribute will be binding upon the bidder in the event the bid is accepted by the State.

2.1 General Requirements:

2.1.1 The contractor shall provide the provision of confidential document destruction and disposal services for the Missouri Department of Revenue (hereinafter referred to as the Department), in accordance with the provisions and requirements stated herein and to the sole satisfaction of the Department.

a. The contractor shall provide service in the License Office region(s) awarded as specified in the Notice of Award issued by the Department.

2.1.2 The contractor shall destroy and dispose of documents, which shall include, but not necessarily be limited to, any or all of those items listed below. For purposes of this document, the term "documents" shall be used to define those items to be destroyed.

- White and Colored Paper and cardstock (all grades).
- All envelopes with or without adhesive labels and stamps, and with or without windows.
- Non-paper items, including but not limited to paper clips, staples, spiral and GBC (plastic comb) bindings, and rubber bands.

2.1.3 The contractor shall pick up the records for destruction during normal license office hours at the time arranged with the license office. Current license office hours may be viewed at dor.mo.gov.

2.1.4 The contractor shall perform all services to the sole satisfaction of the Department.

2.1.5 The contractor shall understand that the state agency or designee shall, at any time throughout the contract, accompany the contractor during any collection, hauling, weighing, or destruction process being conducted by the contractor. The contractor shall not restrict or in any way limit the state agency's right or ability to oversee any and all services provided by the contractor.

2.2 Specific Requirements:

2.2.1 The contractor shall perform document destruction services for each license office within the region(s) awarded on an as needed, if needed basis or on a regular scheduled basis, as mutually agreed upon between the contractor and the Department. The contractor may choose to destroy the documents on site or off site.

2.2.2 The contractor shall provide the document destruction services by no later than five (5) working days after a request for service is made, or by the date mutually agreed upon between the Department and the contractor. The Department shall request services by telephone, fax, or other method as agreed upon between the contractor and the Department.

2.2.3 The contractor shall understand and agree that the Department requires flexibility in the arrangements and methods for the collection of documents on a building-to-building and case-by-case basis. The contractor shall coordinate and work in good faith with the License Office's and /or Department's designee in seeking and obtaining the arrangements and methods of collection.

2.2.4 In most cases, documents to be destroyed will be in a locked storage area at the license office facility. Therefore, the contractor, with accompaniment by the License Office's or Department's designee, shall

transport the documents on carts or other method from each storage area to the contractor's vehicle on-site. The contractor shall load and unload all documents without assistance from license office or Department personnel.

- a. The contractor shall handle and transport all documents in an enclosed vehicle or trailer that is secure to insure that no record can be accessed by another individual, stolen, lost, or mislaid en route.
- b. If requested, the contractor shall remove and/or dispose of all cardboard boxes that were used to contain the documents. The contractor is encouraged to reuse or recycle all cardboard boxes.

2.2.5 The contractor shall collect all documents from an identified location, weigh all documents using a certified scale, destroy completely, and provide the state agency with a Certificate of Destruction for each office location and weigh ticket. At a minimum, the Certificate of Destruction must include the name and address of the license office, date of service, where the destruction was completed, a description and weight of documents destroyed, service representative name, and truck number.

- a. The contractor shall destroy all documents to a security level 4. Security level 4 is a medium-high security particle measuring 3/32" x 5/8" or less.
- b. The contractor shall clean up the immediate document destruction area and ensure that all loose material particles collected and removed when document destruction services are performed onsite.

2.2.6 Confidentiality: Due to the sensitivity of the documents being destroyed, the contractor shall not disclose any information obtained from the documents in the event the contractor observes any such documents during the course of pick up and document destruction. Furthermore, to the extent the contractor may have access to any report, vehicle or driver license record, tax return, or other information and licensing laws of the State, the contractor specifically shall comply with section 32.057, RSMo. Any person making unlawful disclosure of information in violation of such section shall, upon conviction, be guilty of a felony. Therefore, as the need for confidentiality dictates, the contractor shall agree and understand that either of the following may be required; however, the determination of what is required shall rest solely on the Department designee.

- a. The Department designee shall upon request be allowed to witness the destruction of the confidential documents either at the license office or at the contractor's site.
- b. The contractor shall agree and understand that all discussions with the contractor and all information gained by the contractor as a result of the contractor's performance under the contract shall be confidential and that no reports, documentation, or material prepared as required by the contract shall be released to the public without the prior written consent of the Department.

2.2.7 The contractor's personnel assigned to perform services under the contract must, at all times, wear a photo ID badge and uniform, which reflects the contractor's company name. In addition, the contractor's personnel shall sign in and out on a log provided by the Department or license office.

- a. The contractor shall sign a signature log each time services are required to attest that all confidential documents have been destroyed. The signature log should have the date, time, and location when document destruction was completed and must also be countersigned by the license office designee. The signature log must be maintained at each location and made available for federal/state audit purposes.

2.2.8 The contractor and each of the contractor's personnel assigned to work with confidential documents must have a security clearance approved by the department and sign a statement of confidentiality on a form provided by the Department guaranteeing non-disclosure of information in order to provide services under the contract.

- a. The contractor must obtain each of the required security clearances from the State Highway Patrol.
- b. The confidentiality statement shall be designed, implemented, and maintained by the contractor.

2.2.9 If requested, the contractor shall replace any personnel with whom the Department is not satisfied.

2.2.10 The contractor shall recycle destroyed documents that are recyclable. As an incentive for the contractor to lower prices, the contractor may keep all funds received from the sale of the recyclable documents stated herein.

2.2.11 Unless otherwise specified herein, the contractor shall furnish all material, labor, facilities, equipment, and supplies necessary to perform the services required herein.

2.3 Invoicing and Payment Requirements:

2.3.1 The contractor shall understand and agree the state reserves the right to make contract payments to the contractor through electronic funds transfer (EFT). Therefore, prior to any payments becoming due under the contract, the contractor must update their vendor registration with their ACH-EFT payment information at <https://MissouriBUYS.mo.gov>. Each contractor invoice must be on the contractor's original descriptive business invoice form and must contain a unique invoice number. The invoice number will be listed on the state's EFT addendum record to enable the contractor to properly apply state payments to invoices. The contractor must comply with all other invoicing requirements stated in the RFQ.

2.3.2 All payment terms shall be as stated in the terms and conditions of this contract. Payments will be processed based on final delivery, inspection, and acceptance of services rendered.

2.3.3 The Contractor shall accurately invoice per the price(s) indicated on EXHIBIT A, Pricing Page.

2.3.4 The Department may choose to use the State purchasing card (Visa) in place of a purchase order to make purchases under this contract. Unless exception to this condition is indicated on EXHIBIT A, Pricing Page, the Contractor agrees to accept the State purchasing card as an acceptable form of payment and may not charge any additional fees related to the use of a purchasing card such as service fees, merchant fees, and/or handling charges.

2.3.5 If the Department issues a purchase order, an itemized invoice shall be emailed to DOR.FGSB.Accts_Payable@dor.mo.gov or mailed to:

Department of Revenue
Accounts Payable
PO Box 87
Jefferson City, MO 65105

2.3.6 Each invoice submitted must be specific to one purchase order number. The purchase order number must be referenced on the invoice

2.3.7 The contractor may obtain detailed information for payments issued for the past 24 months from the State of Missouri's central accounting system (SAM II) on the Vendor Services Portal at: <https://www.vendorservices.mo.gov/vendorservices/Portal/Default.aspx>.

2.3.8 Other than the payments specified above, no other payments or reimbursements shall be made to the contractor for any reason whatsoever. including, but not limited to taxes, travel expenses, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.

3. GENERAL CONTRACTUAL REQUIREMENTS:

This section of the RFQ includes the general contractual requirements and provisions that shall govern the contract after RFQ award. The contents of this section include mandatory provisions that must be adhered to by the state and the contractor unless changed by a contract amendment. Response to this section by the bidder is not necessary as all provisions are mandatory.

3.1 Contractual Requirements:

3.1.1 Contract - A binding contract shall consist of: (1) the RFQ and any amendments thereto, (2) the contractor's response (bid) to the RFQ, (3) clarification of the bid, if any, and (4) the Department's acceptance of the response (bid) by "notice of award". All Exhibits and Attachments included in the RFQ shall be incorporated into the contract by reference.

- a. A notice of award issued by the Department does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the Department, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the Department.
- b. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein.
- c. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Department prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

3.1.2 Contract Period - The original contract period shall be as stated on the Notice of Award. The contract shall not bind, nor purport to bind, the Department for any contractual commitment in excess of the original contract period. The Department shall have the right, at its sole option, to renew the contract for two (2) additional one-year periods, or any portion thereof. In the event the Department exercises such right, all terms and conditions, requirements and specifications of the contract shall remain the same and apply during the renewal period, pursuant to applicable option clauses of this document.

3.1.3 Renewal Periods - If the option for renewal is exercised by the Department, the contractor shall agree that the prices for the renewal period shall not exceed the maximum price for the applicable renewal period stated on the Pricing Page of the contract.

- a. If renewal prices are not provided, then prices during renewal periods shall be the same as during the original contract period.
- b. In addition, the contractor shall understand and agree that renewal period price increases specified in the contract are not automatic. At the time of contract renewal, if the state determines funding does not permit the specified renewal pricing increase or even a portion thereof, the renewal pricing shall remain the same as during the previous contract period. If such action is rejected by the contractor, the contract may be terminated, and a new procurement process may be conducted. The contractor shall also understand and agree the state may determine funding limitations necessitate a decrease in the contractor's pricing for the renewal period(s). If such action is necessary and the contractor rejects the decrease, the contract may be terminated, and a new procurement process may be conducted.

- 3.1.4 **Contract Price** - All prices shall be as indicated on the Pricing Page. The state shall not pay nor be liable for any other additional costs including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.
- a. Prices shall include all packing, handling, shipping and freight charges FOB Destination, Freight Prepaid and Allowed. The State of Missouri shall not make additional payments or pay add-on charges for freight or shipping unless specifically described and priced in the bid, or as otherwise specifically stated and allowed by the RFQ.
- 3.1.5 **Termination** - The Department reserves the right to terminate the contract at any time, for the convenience of the State of Missouri, without penalty or recourse, by giving written notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive compensation for services and/or supplies delivered to and accepted by the State of Missouri pursuant to the contract prior to the effective date of termination.
- 3.1.6 **Contractor Liability** - The contractor shall be responsible for any and all personal injury (including death) or property damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition, the contractor assumes the obligation to save the State of Missouri, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act.
- a. The contractor also agrees to hold the State of Missouri, including its agencies, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.
 - b. The contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the State of Missouri, including its agencies, employees, and assignees.
 - c. Under no circumstances shall the contractor be liable for any of the following: (1) third party claims against the Department for losses or damages (other than those listed above); economic consequential damages (including lost profits or savings) or incidental damages, even if the contractor is informed of their possibility.
- 3.1.7 **Insurance** - The contractor shall understand and agree that the State of Missouri cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any such loss, damage and/or expense related to his/her performance under the contract. General and other non-professional liability insurance shall include an endorsement that adds the State of Missouri as an additional insured. Self-insurance coverage or another alternative risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable and the State of Missouri is protected as an additional insured.
- a. In the event the insurance coverage is canceled, the Department must be notified within thirty (30) calendar days.
- 3.1.8 **Subcontractors** - Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the State of Missouri and to ensure that the State of Missouri is indemnified, saved, and held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the State of Missouri and the contractor.

- a. The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract.
- b. The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein.
- c. Pursuant to subsection 1 of section 285.530, RSMo, no contractor or subcontractor shall knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. In accordance with sections 285.525 to 285.550, RSMo, a general contractor or subcontractor of any tier shall not be liable when such contractor or subcontractor contracts with its direct subcontractor who violates subsection 1 of section 285.530, RSMo, if the contract binding the contractor and subcontractor affirmatively states that:
 - 1) The direct subcontractor is not knowingly in violation of subsection 1 of section 285.530, RSMo, and shall not henceforth be in such violation.
 - 2) The contractor or subcontractor receives a sworn affidavit under the penalty of perjury attesting to the fact that the direct subcontractor's employees are lawfully present in the United States.

3.1.9 Participation by Other Organizations: The contractor must comply with any Organization for the Blind/Sheltered Workshop participation levels committed to in the contractor's awarded bid.

- a. The contractor shall prepare and submit to the Department a report detailing all payments made by the contractor to Organizations for the Blind/Sheltered Workshops participating in the contract for the reporting period. The contractor must submit the report on a monthly basis, unless otherwise determined by the Department.
- b. The Department will monitor the contractor's compliance in meeting the Organizations for the Blind/Sheltered Workshop participation levels committed to in the contractor's awarded bid. If the contractor's payments to the participating entities are less than the amount committed, the state may cancel the contract and/or suspend or debar the contractor from participating in future state procurements, or retain payments to the contractor in an amount equal to the value of the participation commitment less actual payments made by the contractor to the participating entity. If the Department determines that the contractor becomes compliant with the commitment, any funds retained as stated above, will be released.
- c. If a participating entity fails to retain the required certification or is unable to satisfactorily perform, the contractor must obtain other organizations for the blind/sheltered workshops to fulfill the participation requirements committed to in the contractor's awarded bid.
 - 1) The contractor must obtain the written approval of the Department for any new entities. This approval shall not be arbitrarily withheld.
 - 2) If the contractor cannot obtain a replacement entity, the contractor must submit documentation to the Department detailing all efforts made to secure a replacement. The Department shall have sole discretion in determining if the actions taken by the contractor constitute a good faith effort to secure the required participation and whether the contract will be amended to change the contractor's participation commitment.

3.1.10 No later than 30 days after the effective date of the first renewal period, the contractor must submit an affidavit to the Department. The affidavit must be signed by the director or manager of the participating Organizations for the Blind/Sheltered Workshop verifying provision of products and/or services and compliance of all contractor payments made to the Organizations for the Blind/Sheltered Workshops. The contractor may use the affidavit available on the Office of Administration/Division of Purchasing and

Materials Management's website at <http://oa.mo.gov/sites/default/files/bswaffidavit.doc> or another affidavit providing the same information.

- 3.1.11 Authorized Personnel: The contractor shall only employ personnel authorized to work in the United States in accordance with applicable federal and state laws. This includes but is not limited to the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA) and INA Section 274A.
- a. If the contractor is found to be in violation of this requirement or the applicable state, federal and local laws and regulations, and if the State of Missouri has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States, the state shall have the right to cancel the contract immediately without penalty or recourse and suspend or debar the contractor from doing business with the state. The Department may also withhold up to twenty-five percent of the total amount due to the contractor.
 - b. The contractor shall agree to fully cooperate with any audit or investigation from federal, state, or local law enforcement agencies.
 - c. If the contractor meets the definition of a business entity as defined in section 285.525, RSMo, pertaining to section 285.530, RSMo, the contractor shall maintain enrollment and participation in the E-Verify federal work authorization program with respect to the employees hired after enrollment in the program who are proposed to work in connection with the contracted services included herein. If the contractor's business status changes during the life of the contract to become a business entity as defined in section 285.525, RSMo, pertaining to section 285.530, RSMo, then the contractor shall, prior to the performance of any services as a business entity under the contract:

 - 3) Submit to the Department a completed, notarized Affidavit of Work Authorization provided in the exhibit titled, Business Entity Certification, Enrollment Documentation, and Affidavit of Work Authorization.
 - d. In accordance with subsection 2 of section 285.530, RSMo, the contractor should renew their Affidavit of Work Authorization annually. A valid Affidavit of Work Authorization is necessary to award any new contracts.
- 3.1.12 Contractor Status - The contractor is an independent contractor and shall not represent the contractor or the contractor's employees to be employees of the State of Missouri or a Department of the State of Missouri. The contractor shall assume all legal and financial responsibility for salaries, taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the State of Missouri, its officers, agents, and employees, harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters.
- 3.1.13 Coordination - The contractor shall fully coordinate all contract activities with those activities of the Department. As the work of the contractor progresses, advice and information on matters covered by the contract shall be made available by the contractor to the Department or the Department throughout the effective period of the contract.

Upon expiration, termination, or cancellation of the contract, said items shall become the property of the State of Missouri.
- 3.1.16 Confidentiality:
- a. The contractor shall agree and understand that all discussions with the contractor and all information gained by the contractor as a result of the contractor's performance under the contract shall be confidential and that no reports, documentation, or material prepared as required by the contract shall be released to the public without the prior written consent of the Department.
 - b. The contractor and any required contractor personnel must sign specific documents regarding confidentiality, security, or other similar documents upon request. Failure of the contractor and any required personnel to sign such documents shall be considered a breach of contract and subject to the cancellation provisions of this document.
- 3.1.17 Contractor Equipment Use:

The bidder is strongly discouraged from relying on such materials in presenting products and services for consideration by the state.
- a. It is the bidder's responsibility to provide detailed information about how the item bid meets the specifications presented herein. If preprinted marketing materials do not specifically address each specification, the bidder should provide detailed information to assure that the product meets the state's mandatory requirements. In the event this information is not submitted with the bid, the buyer may, but is not required to, seek written clarification from the bidder to provide assurance that the product bid meets specifications.

4.5 Bid Detail Requirements and Deviations:

- 4.5.1 It is the bidder's responsibility to submit a bid that meets all mandatory specifications stated herein. The bidder should clearly identify any and all deviations from both the mandatory and desirable specifications stated in the RFQ. **Any deviation from a mandatory requirement may render the bid non-responsive.** Any deviation from a desirable specification may be reviewed by the state as to its acceptability and impact on competition.
- a. Bidders should note: A descriptive brochure of the model bid may not be acceptable as clear identification of deviations from the written specification.

4.6 Description of Product:

- 4.6.1 The bidder should present a detailed description of all services proposed in the response to this Request for Quotation. It is the bidder's responsibility to make sure all products proposed are adequately described in order to conduct an evaluation of the bid to insure its compliance with mandatory technical

specifications. It should not be assumed that the evaluator has specific knowledge of the products proposed; however, the evaluator does have sufficient technical background to conduct an evaluation when presented complete information.

4.7 Evaluation and Award Process:

- 4.7.1 Separate evaluations shall be conducted for each region and awards made accordingly.
- 4.7.2 After determining that a bid satisfies the mandatory requirements stated in the Request for Quotation, a cost analysis shall be conducted. The contract shall be awarded to the lowest priced responsive bidder.
- 4.7.3 Open Competition – Any manufacturer’s name, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition.
 - a. The bidder may offer any brand of product that meets or exceeds the specifications. In addition to identifying the manufacturer’s name and model number, the bidder must explain in detail how their service meets or exceed the specifications. Bids, which do not comply with the requirement and the specifications, are subject to rejection without clarification.

4.8 Evaluation of Cost:

- 4.8.1 Determination of Lowest Priced Offeror including Consideration of Preferences – The offeror with the most points after completing the cost calculations and determining bonus points as specified below is considered the lowest offeror.
 - a. Objective Evaluation of Cost – The objective evaluation of cost shall be conducted as follows:
 - 1) The cost evaluation shall be based upon the sum of the firm, fixed prices stated on the Pricing Page and the following quantities. If the applicable firm, fixed minimum charge stated on the Pricing Page is greater than the number of pounds multiplied by the applicable firm, fixed per pound price indicated on the Pricing Page, the minimum charge will be utilized in the cost evaluation.
 - 2) The evaluation of cost will include the original and any potential renewal periods.
 - 3) Cost points shall be computed from the result of the calculation stated above using a scale of 200 possible points and the following formula:

$$\frac{\text{Lowest Responsive Offeror's Price}}{\text{Compared Offeror's Price}} \times 200 = \text{Cost evaluation points}$$

- 4) Offerors shall agree and understand that the quantities used in the evaluation of cost are provided solely to document how cost will be evaluated. The State of Missouri makes no guarantee regarding the accuracy of the quantities stated nor does the State of Missouri intend to imply that the figures used for the cost evaluation in any way reflect actual nor anticipated usage.

4.9 Determination for Award:

- 4.9.1 The award shall be made to the lowest priced responsive bidder. Other factors that affect the determination of the lowest price responsive bidder include consideration of the Blind/Sheltered Workshop Preference explained in the paragraphs that follow.

4.9.2 The State of Missouri reserves the right to reject any bid which is determined unacceptable for reasons which may include but are not necessarily limited to: 1) failure of the bidder to meet mandatory general performance specifications; and/or 2) failure of the bidder to meet mandatory technical specifications; and/or, 3) receipt of any information, from any source, regarding delivery of unsatisfactory product or service by the bidder within the past three years. As deemed in its best interests, the State of Missouri reserves the right to clarify any and all portions of any bidder's offer.

4.10 Organizations for the Blind and Sheltered Workshop Preferences:

4.10.1 Pursuant to section 34.165, RSMo, and 1 CSR 40-1.050, a ten (10) bonus point preference shall be granted to bidders including products and/or services manufactured, produced or assembled by a qualified nonprofit organization for the blind established pursuant to 41 U.S.C. sections 46 to 48c or a sheltered workshop holding a certificate of approval from the Department of Elementary and Secondary Education pursuant to section 178.920, RSMo.

4.10.2 In order to qualify for the ten bonus points, the following conditions must be met and the following evidence must be provided:

- a. The bidder must either be an organization for the blind or sheltered workshop or must be proposing to utilize an organization for the blind/sheltered workshop as a subcontractor and/or supplier in an amount that must equal the greater of \$5,000 or 2% of the total dollar value of the contract for purchases not exceeding \$10 million.
- b. The services performed or the products provided by an organization for the blind or sheltered workshop must provide a commercially useful function related to the delivery of the contractually-required service/product in a manner that will constitute an added value to the contract and shall be performed/provided exclusive to the performance of the contract. Therefore, if the services performed or the products provided by the organization for the blind or sheltered workshop is utilized, to any extent, in the bidder's obligations outside of the contract, it shall not be considered a valid added value to the contract and shall not qualify as participation in accordance with this clause.
- c. If the bidder is proposing participation by an organization for the blind or sheltered workshop, in order to receive evaluation consideration for participation by the organization for the blind or sheltered workshop, the bidder must provide the following information with the bid:
 - 1) Participation Commitment - The bidder must complete Exhibit B Participation Commitment, by identifying the organization for the blind or sheltered workshop and the commercially useful products/services to be provided by the listed organization for the blind or sheltered workshop. If the bidder submitting the bid is an organization for the blind or sheltered workshop, the bidder must be listed in the appropriate table on the Participation Commitment Form.
 - 2) Documentation of Intent to Participate – The bidder must either provide a properly completed Exhibit C, Documentation of Intent to Participate Form, signed and dated no earlier than the RFQ issuance date by the organization for the blind or sheltered workshop proposed or must provide a recently dated letter of intent signed and dated no earlier than the RFQ issuance date by the organization for the blind or sheltered workshop which: (1) must describe the products/services the organization for the blind/sheltered workshop will provide and (2) should include evidence of the organization for the blind/sheltered workshop qualifications (e.g. copy of certificate or Certificate Number for Missouri Sheltered Workshop).

NOTE: If the bidder submitting the bid is an organization for the blind or sheltered workshop, the bidder is not required to complete Exhibit D, Documentation of Intent to Participate Form or provide a recently dated letter of intent.

- d. A list of Missouri sheltered workshops can be found at the following Internet address:

<http://dese.mo.gov/special-education/sheltered-workshops/directories>

- e. The websites for the Missouri Lighthouse for the Blind and the Alhaponite Association for the Blind can be found at the following Internet addresses:

<http://www.lhbindustries.com>

<http://www.alhaponite.org>

- f. Commitment – If the bidder’s bid is awarded, the organization for the blind or sheltered workshop participation committed to by the bidder on Exhibit B, Participation Commitment, shall be interpreted as a contractual requirement.

4.10.3 The Blind/Sheltered Workshop Preference required under section 34.165, RSMo, allows for ten (10) bonus points to a qualifying vendor. If the lowest priced bidder qualifies for the preference, or in the event none of the bidders qualify for the preference, no further calculation is necessary.

4.10.4 In the event the lowest priced bidder does not qualify for the preference but other bidders do, then the following evaluation point formula shall apply to determine cost evaluation points:

<u>Lowest Responsive Bidder’s Price</u> Compared Bidder’s Price	x	200 Maximum Cost Evaluation Points	=	Awarded Cost Evaluation Points
--	---	---------------------------------------	---	-----------------------------------

4.11 Missouri Service-Disabled Veteran Business Preference:

4.11.1 Pursuant to section 34.074, RSMo, and 1 CSR 40-1.050, a three (3) bonus point preference shall be granted to bidders who qualify as Missouri service-disabled veteran business enterprises and who complete and submit Exhibit D, Missouri Service-Disabled Veteran Business Enterprise Preference with the bid. If the bid does not include the completed Exhibit D and the documentation specified on Exhibit D in accordance with the instructions provided therein, no preference points will be applied.

4.11.2 If the lowest priced bidder qualifies for the preference, or in the event none of the bidders qualify for the preference, no further calculation is necessary.

4.11.3 In the event the lowest priced bidder does not qualify for the preference but other bidders do, then the following evaluation point formula shall apply to determine cost evaluation points:

<u>Lowest Responsive Bidder’s Price</u> Compared Bidder’s Price	x	200 Maximum Cost Evaluation Points	=	Awarded Cost Evaluation Points
--	---	---------------------------------------	---	-----------------------------------

4.12 Other Bid Submission Requirements:

4.12.1 Affidavit of Work Authorization and Documentation - Pursuant to section 285.530, RSMo, if the bidder meets the section 285.525, RSMo, definition of a “business entity” ([Section: 285.0525 Definitions, RSMO 285.525](#)), the bidder must affirm the bidder’s enrollment and participation in the E-Verify federal work authorization program with respect to the employees hired after enrollment in the program who are proposed to work in connection with the services requested herein. Instructions for Certification

1. By signing and submitting this bid, the prospective recipient of Federal assistance funds is providing the certification as set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective recipient of Federal assistance funds knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Department of Labor (DOL) may pursue available remedies, including suspension and/or debarment.
3. The prospective recipient of Federal assistance funds shall provide immediate written notice to the person to which this bid is submitted if at any time the prospective recipient of Federal assistance funds learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

- b. To the extent that a provision of the contract is contrary to the Constitution or laws of the State of Missouri or of the United States, the provisions shall be void and unenforceable. 3. OPEN COMPETITION/REQUEST FOR QUOTATION DOCUMENT

- a. It shall be the bidder's responsibility to ask questions, request changes or clarification, or otherwise advise the DEPARTMENT if any language, specifications or requirements of an RFQ appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the RFQ to a single source. Any and all communication from bidders regarding specifications, requirements, competitive bid process, etc., must be directed to the buyer from the DEPARTMENT, unless the RFQ specifically refers the bidder to another contact. Such e-mail, fax, or phone communication should be received at least five calendar days prior to the official bid target date.
- b. Every attempt shall be made to ensure that the bidder receives an adequate and prompt response. However, in order to maintain a fair and equitable bid process, all bidders will be advised, via the issuance of an amendment to the RFQ, of any relevant or pertinent information related to the procurement. Therefore, bidders are advised that unless specified elsewhere in the RFQ, any questions received less than five calendar days prior to the RFQ target date may not be answered.

- d. The DEPARTMENT monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among bidders, price-fixing by bidders, or any other anticompetitive conduct by bidders which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.
- e. The DEPARTMENT reserves the right to officially amend or cancel an RFQ after issuance.

4. PREPARATION OF BIDS

- a. Bidders **must** examine the entire RFQ carefully. Failure to do so shall be at bidder's risk.
- b. Unless otherwise specifically stated in the RFQ, all specifications and requirements constitute minimum requirements. All bids must meet or exceed the stated specifications and requirements.

- c. Unless otherwise specifically stated in the RFQ, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The bidder may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the bid. In addition, the bidder shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. Bids which do not comply with the requirements and specifications are subject to rejection without clarification.
- d. Bids lacking any indication of intent to bid an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the RFQ.
- e. In the event that the bidder is an agency of state government or other such political subdivision which is prohibited by law or court decision from complying with certain provisions of an RFQ, such a bidder may submit a bid which contains a list of statutory limitations and identification of those prohibitive clauses. The bidder should include a complete list of statutory references and citations for each provision of the RFQ, which is affected by this paragraph. The statutory limitations and prohibitive clauses may (1) be requested to be clarified in writing by DEPARTMENT or (2) be accepted without further clarification if the statutory limitations and prohibitive clauses are deemed acceptable by DEPARTMENT. If DEPARTMENT determines clarification of the statutory limitations and prohibitive clauses is necessary, the clarification will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the RFQ.
- f. All equipment and supplies offered in a bid must be new, of current production, and available for marketing by the manufacturer unless the RFQ clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.
- g. Prices shall include all packing, handling and shipping charges FOB destination, freight prepaid and allowed unless otherwise specified in the RFQ.
- h. Bids, including all prices therein, shall remain valid for 90 days from bid target date unless otherwise indicated. If the bid is accepted, the entire bid, including all prices, shall be firm for the specified contract period.
- i. Any foreign bidder not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their bid in order to be considered for award.

Delivered or faxed bids should be received in the DEPARTMENT office prior to the target time and date specified in the RFQ.

- c. A bid which has been delivered to the DEPARTMENT office, may be modified by signed, written notice which has been received by the DEPARTMENT prior to the official target date and time specified. A bid may also be modified in person by the bidder or its authorized representative, provided proper identification is presented before the official target date and time. Telephone or telegraphic requests to modify a bid shall not be honored.
- d. A bid which has been delivered to the DEPARTMENT office, may only be withdrawn by a signed, written document on company letterhead transmitted via mail, e-mail, or facsimile which has been received by the DEPARTMENT prior to the official target date and time specified. A bid may also be withdrawn in person by the bidder or its authorized representative, provided proper identification is presented before the official target date and time. Telephone or telegraphic requests to withdraw a bid shall not be honored.
- e. A bid may also be withdrawn after the bid opening through submission of a written request by an authorized representative of the bidder. Justification of withdrawal decision may include a significant error or exposure of bid information that may cause irreparable harm to the bidder.
- f. Bidders delivering or faxing a hard copy bid to DEPARTMENT must sign and return the RFQ cover page or, if applicable, the cover page of the last amendment thereto in order to constitute acceptance by the bidder of all RFQ terms and conditions. Failure to do so may result in rejection of the bid unless the bidder's full compliance with those documents is indicated elsewhere within the bidder's response.
- g. Faxed and e-mail no-bid notifications shall be accepted.

6. PREFERENCES

- a. In the evaluation of bids, preferences shall be applied in accordance with chapter 34, RSMo, other applicable Missouri statutes, and applicable Executive Orders. Contractors should apply the same preferences in selecting subcontractors.
- b. By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, mined, processed or grown within the State of Missouri and to all firms, corporations or individuals doing business as Missouri firms, corporations or individuals. Such preference shall be given when quality is equal or better and delivered price is the same or less.
- c. In accordance with Executive Order 05-30, contractors are encouraged to utilize certified minority and women-owned businesses in selecting subcontractors.

7. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the buyer before contract award. Upon discovering an apparent clerical error, the buyer shall contact the bidder and request clarification of the intended bid. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.
- b. Any pricing information submitted by a bidder shall be subject to evaluation if deemed by the DEPARTMENT to be in the best interest of the State of Missouri.
- c. The bidder is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the State of Missouri. However, unless otherwise specified in the RFQ, pricing shall be evaluated at the maximum potential financial liability to the State of Missouri.
- d. Awards shall be made to the bidder whose bid (1) complies with all mandatory specifications and requirements of the RFQ and (2) is the lowest and best bid, considering price, responsibility of the bidder, and all other evaluation criteria specified in the RFQ and (3) complies with chapter 34, RSMo, other applicable Missouri statutes, and all applicable Executive Orders.
- e. In the event all bidders fail to meet the same mandatory requirement in an RFQ, DEPARTMENT reserves the right, at its sole discretion, to waive that requirement for all bidders and to proceed with the evaluation. In addition, the DEPARTMENT reserves the right to waive any minor irregularity or technicality found in any individual bid.
- f. The DEPARTMENT reserves the right to reject any and all bids. When all bids are non-responsive or otherwise unacceptable and circumstances do not permit a rebid, DEPARTMENT may negotiate for the required supplies.
- g. When evaluating a bid, the State of Missouri reserves the right to consider relevant information and fact, whether gained from a bid, from a bidder, from bidder's references, or from any other source.

- h. Any information submitted with the bid, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a bid and the award of a contract.
- i. Any award of a contract shall be made by notification from the DEPARTMENT to the successful bidder. The DEPARTMENT reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by DEPARTMENT based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the State of Missouri.
- j. All bids and associated documentation will be considered open records pursuant to section 610.021, RSMo.
- k. The DEPARTMENT maintains images of all bid file material for review. Bidders who include an e-mail address with their bid will be notified of the award results via e-mail.
- l. The DEPARTMENT reserves the right to request clarification of any portion of the bidder's response in order to verify the intent of the bidder. The bidder is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
- m. Any bid award protest must be received within ten (10) business days after the date of award in accordance with the requirements of 1 CSR 40-1.050 (9).
- n. The final determination of contract award(s) shall be made by DEPARTMENT.

8. CONTRACT/PURCHASE ORDER

- a. By submitting a bid, the bidder agrees to furnish any and all equipment, supplies and/or services specified in the RFQ, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of: (1) the RFQ and any amendments thereto, (2) the contractor's response (bid) to the RFQ, (3) clarification of the bid, if any, and (4) DEPARTMENT's acceptance of the response (bid) by "notice of award" or by "purchase order." All Exhibits and Attachments included in the RFQ shall be incorporated into the contract by reference.
- c. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the DEPARTMENT or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

9. INVOICING AND PAYMENT

- a. The State of Missouri does not pay state or federal taxes unless otherwise required under law or regulation.
- b. The statewide financial management system has been designed to capture certain receipt and payment information. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of the DEPARTMENT.
- d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the RFQ.
- e. The State of Missouri assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the State's rejection and shall be returned at the contractor's expense.
- f. All invoices for equipment, supplies, and/or services purchased by the State of Missouri shall be subject to late payment charges as provided in section 34.055, RSMo.
- g. The State of Missouri reserves the right to purchase goods and services using the state purchasing card.

10. DELIVERY

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

11. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by an agency of the state pursuant to a contract shall be deemed accepted until the agency has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The State of Missouri reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The State of Missouri's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the state may have.

12. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by the DEPARTMENT, (2) be fit and sufficient for the purpose expressed in the RFQ, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the state's acceptance of or payment for said equipment, supplies, and/or services.

13. CONFLICT OF INTEREST
