The taxability of sales and purchases of tangible personal property and labor services by implement dealers are summarized below. While this document provides general information as to the taxability of sales and purchases of tangible personal property and labor services by implement dealers, it may not necessarily cover every situation as the taxability may depend on facts and circumstances around the specific transaction. Should a more definitive determination be desired, businesses may request a letter ruling from the Department. [MODOR Letter Ruling Page](#)

#### **This list is not all-inclusive.**

Missouri sales or use tax applies to those purchases identified or designated as taxable in the chart below. The applicable Missouri sales or Missouri consumer's use tax must be paid to the vendor or accrued and remitted directly to the Missouri Department of Revenue. Purchases from Missouri vendors should be reported using the retailer's sales tax return. Purchases from outside this state which are delivered to this state are to be reported on the Missouri consumer's use tax return.

**Note:** As of January 2, 2023 equipment no longer has to be used "exclusively" for agricultural use to qualify for exemption.
