

# A GUIDE TO — DOCUMENTED VESSELS

Vessel documentation is a national form of registration, which is administered by the United States Coast Guard's National Vessel Documentation Center.

*\*Recreational boats of 5 net tons or more (approximately 35 ft. in length and over) are eligible (but not required) to be documented.*

Most commercial vessels of five or more net tons, used on the navigable waters of the United States, must be documented by the Coast Guard.

## REGISTERING A DOCUMENTED VESSEL

**Section 306.016, RSMo** of the Missouri Revised Statutes requires the owner of any vessel documented by the United States Coast Guard to apply for a documented vessel certificate of registration and pay a registration fee based on the length of the vessel and an “in-lieu” watercraft tax.

Missouri residents have 30 days (nonresidents have 60 days) from acquiring the vessel to apply for a Documented Vessel Certificate of Registration (DOR-4086). A penalty of \$10 will incur on the 31st day, increasing another \$10 for every 30 days you are late up to a maximum penalty of \$30.

### **“To Register” Checklist:**

*To certify and register a U.S. Coast Guard Documented Vessel, the following must be submitted (via mail or in person) to the Motor Vehicle Bureau’s Central Office:*

### **If the vessel is new or previously titled, but not documented:**
