

Missouri Department of Revenue
**Request for Immediate 90-Day Interlock Restricted
 Driving Privilege with Ignition Interlock Device**

I am requesting an immediate interlock restricted driving privilege. I understand that the restricted privilege will not be issued until I have on file with the Driver License Bureau proof of installation of an approved ignition interlock device for any vehicle I operate, and proof of insurance, commonly filed as SR-22. Prior to license reinstatement, I must obtain certification from my ignition interlock installer that I have completed my period of restricted driving without violation. Violation is defined as any incident of device tampering, circumvention, or breath-alcohol level of .025%. Violations are more specifically defined under MoDoT Rule 7 CSR 60-2.040. I understand that if I do not obtain such certification, I will be required to serve an additional 30-day period of restricted privilege with ignition interlock or a 30-day suspension period without any driving privilege.
