Form MO-1041

Information Filing

General Information
This information is for guidance only and does not state the complete law.

Who Must File Form MO-1041
A return must be filed by the following:
1. Every resident estate or trust that is required to file a Federal Form 1041.
2. Every nonresident estate or trust that has any taxable income from sources within Missouri or gross income of $600 or more from sources within Missouri.

Definition of Resident Estate or Trust
A Resident Estate or Trust is: 1) The estate of a decedent who at his or her death was domiciled in this state; or 2) A trust that was created by a will of a decedent who at his or her death was domiciled in this state, and has at least one income beneficiary who, on the last day of the taxable year, was a resident of this state; or 3) A trust that was created by, or consisting of property of, a person domiciled in this state on the date the trust or portion of the trust became irrevocable, and has at least one income beneficiary who, on the last day of the taxable year, was a resident of this state.

When and Where to File
Calendar year taxpayers must file no later than April 15, 2014. Late filing will subject taxpayers to charges for interest and additions to tax. Fiscal year filers must file no later than the 15th day of the 4th month following the close of their taxable year. When the due date falls on a Saturday, Sunday, or legal holiday, the return and payment will be considered timely if filed on the next business day. Please mail the return to: Department of Revenue, P.O. Box 3815, Jefferson City, MO 65105-3815.

Rounding on Missouri Returns
You must round all cents to the nearest whole dollar on your return. For 1 cent through 49 cents round down to the nearest whole dollar amount (round $32.49 down to $32.00) on the return. For 50 cents through 99 cents round up to the next whole dollar amount (round $32.50 up to $33.00) on the return. For your convenience, the zeros have already been placed in the cent columns on the returns.

Estimated Tax Payments
The state of Missouri currently does not require the payment of estimated tax by an estate or trust.

Extension of Time to File
If a taxpayer has been granted an extension of time to file the federal return, the time for filing the Missouri return is automatically extended for the same period of time. A copy of the Federal Form 7004 must be attached to the Missouri return when filed.

An extension of time to file does not extend the time to pay. If the taxpayer expects to owe Missouri fiduciary income tax, file Form MO-60, Application for Extension of Time to File, with the payment by the original due date of the return.

Late Filing and Payment
Simple interest is charged on all delinquent taxes. The rate will be updated annually and can be found on the department’s website at http://dor.mo.gov/intrates.php.

For timely filed returns with an extension, an additions to tax charge of 5 percent (of the unpaid tax) is added if the tax is not paid by the return’s original due date.

For returns not filed by the due date, an additions to tax of 5 percent per month (of the unpaid tax) is added for each month the return is not filed. The additions to tax cannot exceed 25 percent.

Report of Changes in Federal Taxable Income
If the taxpayer’s federal taxable income for any taxable year is changed, the taxpayer must report the change to Missouri by filing an amended Missouri return within 90 days after the final determination of such change. When filing an amended federal return you must file an amended Missouri return within 90 days of the federal change. The taxpayer will be subject to interest and additions to tax charges if additional tax is owed to Missouri.

Amended Return
To file an amended Missouri return, use Form MO-1041 and check the box at the top right of the form. Complete the entire return using the corrected figures. Attach a statement giving the reason for the amended return and enclose a copy of the federal change(s) and the federal amended return.

Missouri Tax Treatment of Qualified Funeral Trusts
The calculation of the Missouri tax liability for a qualified funeral trust is the same as the federal computation. The tax of each qualified funeral trust is determined on a separate basis, disclosed on an attached schedule and then combined on the Missouri return resulting in a composite filing. The schedule used to calculate the Missouri income tax must be attached to the return when it is filed.

Electing Small Business Trust (ESBT)
The income earned by an ESBT must be reported on the Missouri return and tax paid accordingly. ESBT income is reported on the return as if it was regular income; however, the deductions are limited to only offset ESBT income and cannot be used to reduce other income. A separate schedule must be attached to the return to show the ESBT income and deductions. The Missouri taxable income, Form MO-1041, Line 13, must include the ESBT income, including subtractions and additions. The ESBT income is taxed at the same rate as all other income for a trust.

The amount of the tax is equal to 10 percent of your federal tax liability on the distribution for the same year. To calculate the Missouri tax on a lump sum distribution, multiply that portion of Federal Form 1041, Schedule G, Line 1b that is attributable to a lump sum distribution by 10 percent (.10) and enter the result on Form MO-1041, Line 17. A copy of Federal Form 1041 and Federal Form 4972 must be attached to the Missouri return.

For returns not filed by the due date, an addition to tax of 5 percent per month (of the unpaid tax) is added for each month the return is not filed. The addition to tax cannot exceed 25 percent. An extension of time to file does not extend the time for payment of the tax.

### Part 1: Missouri Fiduciary Adjustment

- **Line 1** — Enter the amount of state and local income taxes deducted on Federal Form 1041, Line 11. The line numbers for taxes used as a deduction will differ on other federal forms.
- **Line 2** — Enter the amount of any Kansas City or St Louis earnings taxes included in Line 1.
- **Line 3** — Enter total of Line 1 less Line 2.
- **Line 4** — If the estate or trust received income from an obligation of a state or political subdivision of a state other than Missouri, enter the amount of that income.

- **Line 6** — Enter the total of Line 4 less Line 5. This line cannot be less than zero.

- **Line 7** — Enter positive adjustments (additions) reported from partnerships, fiduciaries, and S corporations. The partnership, fiduciary, or S corporation must notify you of the amount of any such adjustment (addition) to which you are entitled. Check the appropriate box. If other box is checked, enter the description on the line provided. Attach a copy of the information for verification of the addition.

- **Line 8** — Food Pantry Contributions — If the estate or trust is claiming the Food Pantry Tax Credit, **(Form MO-FPT)** and the donations are included as an itemized deduction on the Federal Schedule A, report the amount of the donations, as noted on Line 8a of Form MO-FPT.

- **Line 9** — Nonresident Property Tax — If the estate or trust is a nonresident and it included property tax paid to another state or political subdivision on its federal return, enter the total nonresident property taxes included on Line 11 of Federal Form 1041.

- **Line 10** — Enter the sum of Lines 3, 6, 7, 8, and 9.

- **Line 11** — Interest from direct obligations of the U.S. Government, such as U.S. savings bonds, U.S. treasury bills, bonds and notes is exempt from state taxation under the laws of the United States. Attach a detailed list or all Federal Form 1099(s). Fiduciaries who claim exclusion for interest for direct U.S. obligations must identify the specific securities owned, (e.g., U.S. savings bond). A general description such as “interest on U.S. obligation or “U.S. government securities” is not acceptable. (See 12 CSR 10-2.150) for the taxability of various U.S. government-related obligations. Failure to identify the security will result in the disallowance of the deduction.

A federally taxed distribution received from a mutual fund investing exclusively in direct U.S. government obligations is exempt. If the mutual fund invests in both exempt (direct) and nonexempt (indirect) federal obligations, the deduction allowed is the distribution received from the mutual fund attributable to the direct U.S. government obligations, as determined by the mutual fund. Attach a copy of the year-end statement received from the mutual fund showing either the amount of monies received or the percentage of funds received from direct U.S. government obligations, or a summary statement received from the mutual fund which clearly identifies the exempt and non-exempt portions of the U.S. government obligation interest. The statement does not need to list each obligation separately. Failure to attach the requested document will result in the disallowance of the deduction.

- **Line 12** — To determine the amount of related expenses for Line 11, the taxpayer may use actual expenses or a reasonable estimate. In general, the taxpayer should use the same or similar method used to compute related expenses for federal income tax purposes, provided that the method reasonably reflects related expenses for Missouri-exempt income.

If a fiduciary fails to compute reasonable related expenses, the Director of Revenue will make an adjustment based on the information available. If sufficient information is not made available, the Director of Revenue will use the following formula to compute related expenses.

\[
\text{Exempt Income} = \frac{\text{Total Income} \times \text{Expense Items}}{\text{Exempt Income}}
\]
The principal expense item in this formula is interest expense; however, the Director of Revenue may include other expense items because of their direct relationship to the production of exempt income. The fiduciary may propose an alternative method provided that it properly reflects the amount of related expenses.

Line 13 — Enter the total of Line 11 less Line 12.

Line 14 — Enter the amount of any state income tax refund included in your federal taxable income on Form MO-1041, Line 1.

Line 15 — Enter negative adjustments (subtractions), reported from partnerships, fiduciaries, and S corporations. The partnership, fiduciary, and S corporation must notify you of the amount of any such adjustment (subtraction) to which you are entitled. Check the boxes applicable on Line 15 and enclose a copy of the notification received. Failure to attach a copy of the notification furnished to you will result in the disallowance of the modification.

Line 16 — Depreciation Adjustment: If the taxpayer purchased an asset between July 1, 2002, and June 30, 2003, and they elected to use the 30 percent depreciation expense prior to the Job Creation and Worker Assistance Act less the depreciation taken on the federal return. More information and examples can be found on the Department of Revenue’s website at http://dor.mo.gov/tax.

Line 17 — Enter the sum of Lines 13, 14, 15, and 16.

Lines 18 and 19 — Subtract Line 17 from Line 10. If a positive figure, enter the total on Line 18 (net addition). If a negative figure, enter the total on Line 19 (net subtraction). Enter the total from either Line 18 or Line 19 in Part 2, Column 6, Totals Row.

Part 2: Allocation of Missouri Fiduciary Adjustment

Complete Part 2 only if Part 1 indicates a Missouri fiduciary adjustment.

Totals Row — Enter the amount of federal distributable net income from the Federal Form 1041, Schedule B, Line 7 in Column 5. Enter the amount from Form MO-1041, Part 1, Line 18 or 19 in Column 6 and mark the applicable box.

Column 1 — Enter the name of each beneficiary, if a distribution was made.

Column 2 — Mark the box if the beneficiary is a nonresident of Missouri.

Column 3 — Enter the beneficiary’s social security number.

Column 4 — Enter the beneficiary, charitable beneficiary, or estate or trust’s percentage of the distributable net income.

Column 5 — Enter the beneficiary, charitable beneficiary, or estate or trust’s share of the distributable net income. Share of distributable net income is determined by multiplying the amount from the Total Row by the percentage in Column 4 for each row.

Column 6 — Enter the beneficiary, charitable beneficiary, estate or trust’s share of the Missouri fiduciary adjustment. Share of Missouri fiduciary adjustment is determined by multiplying the amount from the total row by the percentage in Column 4 for each row.

Enter the amount on the Estate or Trust Row on Form MO-1041, Line 8 (subtraction) or Line 10 (addition).

The amount after each name is to be reported as an adjustment, either as an addition or subtraction, from the federal adjusted gross income. A copy of this part (or its information) must be provided to each beneficiary.

Federal Privacy Notice

The Federal Privacy Act requires the Missouri Department of Revenue (Department) to inform taxpayers of the Department’s legal authority for requesting identifying information, including social security numbers, and to explain why the information is needed and how the information will be used.

**Chapter 143 of the Missouri Revised Statutes** authorizes the Department to request information necessary to carry out the tax laws of the state of Missouri. Federal law 42 U.S.C. Section 405 (c)(2)(C) authorizes the states to require taxpayers to provide social security numbers.

The Department uses your social security number to identify you and process your tax returns and other documents, to determine and collect the correct amount of tax, to ensure you are complying with the tax laws, and to exchange tax information with the Internal Revenue Service, other states, and the Multistate Tax Commission (Chapters 32 and 143, RSMo). In addition, statutorily provided non-tax uses are: (1) to provide information to the Department of Higher Education with respect to applicants for financial assistance under Chapter 173, RSMo and (2) to offset refunds against amounts due to a state agency by a person or entity (Chapter 143, RSMo). Information furnished to other agencies or persons shall be used solely for the purpose of administering tax laws or the specific laws administered by the person having the statutory right to obtain it [as indicated above]. In addition, information may be disclosed to the public regarding the name of a tax credit recipient and the amount issued to such recipient (Chapter 135, RSMo). (For the Department’s authority to prescribe forms and to require furnishing of social security numbers, see Chapters 135, 143, and 144, RSMo.)

You are required to provide your social security number on your tax return. Failure to provide your social security number or providing a false social security number may result in criminal action against you.
