# **Form MO-1041**

# **Filing Information**

## General Information

This information is for guidance only and does not state the complete law.

# Who Must File Form MO-1041

A return must be filed by the following:

- 1. Every resident estate or trust that is required to file a Federal Form 1041.
- Every nonresident estate or trust that has any taxable income from sources within Missouri or gross income of \$600 or more from sources within Missouri.

#### Definition of Resident Estate or Trust

A Resident Estate or Trust is: 1) The estate of a decedent who at his or her death was domiciled in this state; or 2) A trust that was created by a will of a decedent who at his or her death was domiciled in this state, and has at least one income beneficiary who, on the last day of the taxable year, was a resident of this state; or 3) A trust that was created by, or consisting of property of, a person domiciled in this state on the date the trust or portion of the trust became irrevocable, and has at least one income beneficiary who, on the last day of the taxable year, was a resident of this state.

# When and Where to File

Calendar year taxpayers must file no later than April 15, 2026. Late filing will subject taxpayers to charges for interest and additions to tax. Fiscal year filers must file no later than the 15th day of the fourth month following the close of their taxable year. When the due date falls on a Saturday, Sunday, or legal holiday, the return and payment will be considered timely if filed on the next business day. Please mail the return to: Department of Revenue, P.O. Box 3815, Jefferson City, MO 65105-3815.

# Rounding on Missouri Returns

Rounding is required on your tax return. Zeros have been placed in the cents columns on your return. For 1 cent through 49 cents, round down to the previous whole dollar amount. For 50 cents through 99 cents, round up to the next whole dollar amount.

Example: Round \$32.49 down to \$32.00. Round \$32.50 up to \$33.00.

# **Tax Payments**

Currently the State of Missouri does not accept electronic payments for the MO-1041. Please mail your check or money order to the address provided on the return.

#### Extension of Time to File

You are not required to file an extension if you do not expect to owe additional Missouri fiduciary tax or if you anticipate receiving a refund. If you wish to file a Missouri extension, and do not expect to owe Missouri fiduciary tax, you may file an extension by filing Form MO-60, Application for Extension of Time to File.

If you receive an extension of time to file your federal fiduciary tax return, you will automatically be granted an extension of time to file your Missouri fiduciary tax return, provided you do not expect to owe any additional Missouri fiduciary tax. Attach a copy of your federal extension (Federal Form 7004) with your Missouri fiduciary tax return when you file.

If you expect to owe Missouri fiduciary tax, file <u>Form MO-60</u> with your payment by the original due date of the return.

Remember: An extension of time to file does not extend the time to pay. A 5 percent addition to tax will apply if the tax is not paid by the return's original due date.

# Report of Changes in Federal Taxable Income

If the taxpayer's federal taxable income for any taxable year is changed, the taxpayer must report the change to Missouri by filing an amended Missouri return within 90 days after the final determination of such change. When filing an amended federal return you must file an amended Missouri return within 90 days of the federal change. The taxpayer will be subject to interest and additions to tax charges if additional tax is owed to Missouri.

### Amended Return

To file an amended Missouri return, use Form MO-1041 and check the box at the top right of the form. Complete the entire return using the corrected figures. Attach a statement giving the reason for the amended return and enclose a copy of the federal change(s) and the federal amended return.

# Missouri Tax Treatment of Qualified Funeral Trusts

The calculation of the Missouri tax liability for a qualified funeral trust is the same as the federal computation. If the composite return box on Federal Form 1041 QFT is marked, the tax of each funeral trust is determined on a separate basis, disclosed on an attached schedule and then combined on the Missouri return resulting in a composite filing. The schedule used to calculate the Missouri income tax must be attached to the return when it is filed.

#### Electing Small Business Trust (ESBT)

The income earned by an ESBT must be reported on the Missouri return and tax paid accordingly. ESBT income is reported on the return as if it was regular income; however, the deductions are limited to only offset ESBT income and cannot be used to reduce other income. A separate schedule must be attached to the return to show the ESBT income and deductions. The Missouri taxable income, Form MO-1041, Line 10, must include the ESBT income, including subtractions and additions. The ESBT income is taxed at the same rate as all other income for a trust.

Line 5 — Multiply Line 4 by the percentage on Line 3 and enter here and include on Form MO-1041, Line 12. Tax on Lump Sum Distribution: If during 2025 the taxpayer received a lump sum, not otherwise included in the federal taxable income, the taxpayer may be required to file Federal Form 4972. Because this income is not included in the federal taxable income, a separate calculation must be made to compute the Missouri tax on this distribution. The estate or trust is subject to the tax if it was a resident estate or trust of Missouri. To calculate the Missouri tax on a lump sum distribution, multiply the amount on Federal Form 1041, Schedule G, Line 1b by 10 percent (.10) and enter the result on Form MO-1041, Line 14. Attach a copy of Federal Form 1041 and Federal Form 4972.

Recapture Taxes: If the taxpayer is required to recapture a portion of any federal low income housing credits taken on a low-income project, the taxpayer is also required to recapture a portion of any state credits taken. The state

recapture amount is equal to the proportion of the state credit that equals the proportion the federal recapture amount bears to the original federal low-income housing credit amount. Enter the recapture tax on Form MO-1041, Line 14. Attach a copy of Federal Form 8611 to your Missouri return.

#### <u>Line 22 — Additions to Tax</u>

For timely filed returns, an addition to tax of 5 percent (of the unpaid tax) is added if the tax is not paid by the return's due date. An extension of time to file does not extend the time for payment of the tax.

Attach a detailed list or all Federal Form 1099(s). Fiduciaries who claim exclusion for interest for direct U.S. obligations must identify the specific

securities owned, (e.g., U.S. savings bond.) A general description such as "interest on U.S. obligation" or U.S. Government securities" is not acceptable. A federally taxed distribution received from a mutual fund investing exclusively in direct U.S. Government obligations is exempt. Attach a copy of the year-end statement received from the mutual fund showing either the amount of monies received or the percentage of funds received from direct U.S. Government obligations, or a summary statement received from the mutual fund which clearly identifies the exempt and non-exempt portions of the U.S. Government obligation interest. In general, the taxpayer should use the same or similar method used to compute related expenses for federal income tax purposes, provided that the method reasonably reflects related expenses for Missouri-exempt income.

If a fiduciary fails to compute reasonable related expenses, the Director of Revenue will make an adjustment based on the information available. If sufficient information is not made available, the Director of Revenue will use the following formula to compute related expenses.

The principal expense item in this formula is interest expense; however, the Director of Revenue may include other expense items because of their direct relationship to the production of exempt income. The fiduciary may propose an alternative method provided that it properly reflects the amount of related expenses.
