

**Missouri Department of Revenue
Declaration of Estimated Tax for Corporation Income Tax**

Corporations required to file estimated tax payments:

If your corporation is subject to income tax under [Chapter 143, RSMo](#) (including those with unrelated business taxable income and excluding qualified S corporations), your corporation is required to make estimated tax payments for the taxable year if your Missouri estimated tax can reasonably be expected to be at least \$250 ([Section 143.521.2, RSMo](#)). Do not use Form MO-1120ES for S corporation shareholder composite returns.

When to file and pay estimated tax payments: You must file the estimated tax payments along with Form MO-1120ES, on or before the 15th day of the 4th, 6th, 9th, and 12th months of the tax year. When the due date falls on a Saturday, Sunday, or legal holiday, the payment will be considered timely if made on the next business day. Payments must accompany the Form MO-1120ES. Your corporation will not receive a quarterly billing.

Paying estimated tax payments online: You can pay your estimated tax payments online using a Credit Card or E-Check (Electronic Bank Draft). To file and pay online, please visit dor.mo.gov/business/payonline.php.

Changes in taxable income: On April 15, your corporation may not be required to file an estimated tax payment. In the event a change in income later requires an estimated tax payment, the time for filing is as follows: June 15 if the change occurs after April 1 and before June 2; September 15 if the change occurs after June 1 and before September 2; December 15 if the change occurs after September 1. These dates only apply to a calendar year corporation. For fiscal year corporations, complete the Estimated Tax Worksheet ([Section 143.531, RSMo](#)).

Note: Filing an estimated tax payment, amended estimated tax payment, or payment on the last installment date of the taxable year will not relieve the corporation of additions to tax for failure to pay the estimated tax by the designated due dates.

Additions to tax for failure to pay estimated tax: [Section 143.761, RSMo](#), provides for additions to tax for underpayment of estimated tax. Calculate the additions to tax and the applicable rate of interest from the date of the underpaid installment ([Form MO-2220](#)). Interest will be charged on all delinquent payments. Additions to tax do not apply if each installment is paid timely, and the total amount of all payments of estimated tax made on or before the last date prescribed for payment of such installment equals or exceeds:

- a) 90 percent of the tax shown on the return (Form MO-1120) for the taxable year; or
- b) the tax shown on the preceding year's return, if the return showed a tax liability and was a taxable year of 12 months; or
- c) 90 percent of the tax on the annualized taxable income of periods from the first of the year to the end of the month preceding that in which an installment is due; or
- d) 90 percent of the tax computed on the basis of the actual taxable income for the months in the taxable year ending before the month that the installment is required to be paid as if such months constituted the taxable year; or

- e) the tax figured by using the current year's rates but based on the prior year's return and the law that applied to the prior year; or
- f) 90 percent of the tax for the taxable year computed by placing on an annualized basis the taxable income for the months in the taxable year ending before the month that the installment is required to be paid.

Access dor.mo.gov/intrates.php to obtain the current interest rate.

Note: Exceptions (b) and (e) do not apply to large corporations (defined in [Section 143.761.6, RSMo](#), as one that in any of the three preceding taxable years had a federal taxable income of at least one million dollars and Missouri taxable income of at least one hundred thousand dollars). Please see [Section 143.761, RSMo](#), and [12 CSR 10-2.067](#) for other exceptions provided by law and further clarification.

Rounding on estimated tax payments: You must round all cents to the nearest whole dollar. For 1 cent through 49 cents, round down to the previous whole dollar amount (round \$32.49 down to \$32.00) on the form. For 50 cents through 99 cents, round up to the next whole dollar amount (round \$32.50 up to \$33.00) on the form. The zeros have already been placed in the cent columns.

Amended Estimated Tax Payments

If your corporation has filed an estimated tax payment(s) and later determines its estimated tax has substantially changed, the estimated tax payment that is to be filed on or before the next filing date, must reflect the amended figures. A worksheet is provided for determining the amended estimated tax. Note: If the corporation's estimated tax substantially changes during the year, use the amended computation schedule below to determine the amended amount to be entered on the remaining Form MO-1120ES(s). The corporation will not receive a billing. Remit payment when due to avoid additions to tax for underpayment of estimated tax.
