FUSION NEWS

Once FUSION is implemented, dealerships will no longer use the Temporary Registration Permit application as they do today. Instead, three different types of permits or plates will be issued, depending on the sale completed.

- **Interim plate:** A 30-day plate that will be issued at time of registration for all new registrations when there are no other plates to be transferred. The configuration will match the plate that will be issued and mailed to the customer.
- **In-transit permit:** A 30-day permit issued to individuals who purchase vehicles from a Missouri dealer but live in another state.
- **Intrastate permit:** A 15-day permit issued for title-only transactions when personal property tax or insurance cannot be verified electronically, or when the customer cannot present the required receipt at the time of the transaction. The customer will be required to visit a license office to complete their registration.

Guidance on where and how to order the secure paper will be addressed at a later date.

RENEWAL REMINDER

If your Salvage or Title Service license expires on June 30, 2026, now is the time to submit your renewal application. Applications are processed in the order received so please submit them as soon as possible. If you do not renew by June 30, 2026, you will not be allowed to do business until you are properly licensed.

VEHICLES WITH ADDED COMPONENTS

Machinery or equipment that meets the criteria of "farm machinery" or "farm equipment" is exempt from sales tax even though it may be attached to a motor vehicle. The seller must provide the purchaser with an itemized bill of sale stating the purchase price of the vehicle separately from the purchase price of the farm machinery/equipment.

TEMPORARY TAG ERRORS

When attempting to print a temporary registration permit and you receive an error that reads "There has been an error found on this page" please do the following to correct it.

- Clear your internet browsing data and restart your computer.
- If using Google Chrome, ensure your pop-up blocker is off.

If you still receive the error after you have completed the above two items, you can select "NCIC" for the "Choose by Make or NCIC" box when entering the vehicle information.

VOIDED TEMPORARY TAG

If you must cancel a temporary registration permit, remember to VOID the tag in the Temporary Registration Permit website. Failure to do so could result in a noncompliance investigation. To ensure that temporary permits are being issued correctly and to avoid any compliance issues, the Department of Revenue requests that all members of your dealership who are responsible for issuing and/or voiding temporary registration permits, watch the short refresher video: [Reprinting a Temporary Permit](#).

SHUTDOWNS

If your dealership is temporarily shutting down due to vacation, medical reasons, a natural disaster, or is operating at a temporary location due to major construction/remodel, please contact the Dealer Services Group at dealerlic@dor.mo.gov to provide the shutdown information to be noted on your license.

REMINDERS

- * Don't forget to display dealership dealer plates whenever a dealership owned vehicle is being driven on the roadway.
- * Monthly sales reports are due on or before the 15th of the following month. If you have sales that you have discovered were left off your monthly sales report, you will need to complete a Dealer Monthly Sales Report ([Form 385](#)) and submit to the Dealer Services Group.
- * Maintaining a valid bond without any lapse in coverage is required. Monthly checks are completed by the Department to ensure compliance.
- * Planning on **moving** your dealership? Please ensure that all steps that are required to move a dealership's location are met, prior to conducting business at the new location.
- * Refer to the [Missouri Dealer and Business Operating Manual](#) for any questions you may have.
- * **Video trainings are available [here](#)** and address multiple functions required by dealers.
