## Section 8

### Marine/Watercraft

#### Outboard Motors, Vessels, and Watercraft Required to be Titled

Missouri law requires all **motorized** vessels (watercrafts) and outboard motors to be titled and registered. This includes jet skis, motorized water bikes, or any vessels over 12 feet in length powered by sail alone or combination of sail and machinery. Trolling motors are **NOT** titled or registered in the state of Missouri.

Any vessel (watercraft) regardless of length, which is propelled solely by paddles or oars, is **not required** to be titled and registered. Vessels documented by the United States Coast Guard **must be registered**.

The owner of a vessel (watercraft) or outboard motor must submit an application for title and registration within 60 days after the unit is purchased or brought into this state or be subject to title penalties. A penalty fee of $10 will be assessed on the 61st day and for each 30 days of delinquency after that, not to exceed a total of $30.

To perfect a lien on a vessel (watercraft) or outboard motor, see Section 6 of this manual.

#### Documents and Fees Required to Title and/or Register Vessels and Outboard Motors for Missouri Residents

To title and register a vessel (watercraft) or outboard motor, the following documents and fees must be submitted:

- **Application for Missouri Boat/Vessel or Outboard Motor Registration and Title** *(Form 93).*

- One of the following ownership documents:
  - Manufacturer’s Statement of Origin (MSO); OR
  - Certificate of Title;

For units purchased on or after August 28, 2008, the following is acceptable proof of ownership **ONLY** if a Missouri title has not been issued or the unit was purchased from a state that doesn’t title outboard motors:

- Application for title certified by a licensed Missouri boat dealer;
- Bill of Sale (BOS); or
- **Boat/Vessel and/or Outboard Motor Affidavit of Ownership and Inspection** *(Form 798)* when:
  - Previous state does not title and no BOS exists or
  - The boat and vessel is homemade.

**NOTE:** Motor vehicle dealers may sell five or less vessels each year without being required to be licensed as a boat dealer.
Motor Vehicle Bureau, P.O. Box 100, Jefferson City, Missouri 65105-0100 unless it is being used for watercrafts or outboard motors that are purchased from an out-of-state individual or dealer and that state does not title and/or register or if an individual is moving to Missouri and the previous state did not title and/or register watercrafts or outboard motors. In these cases, field offices can accept the completed Form 798.

- Inspection verifying the hull identification number if it is missing or is less than 12 digits. See Hull Identification Number Issues section listed on page 8-5.

- Paid personal property tax receipt or a statement of non-assessment from the county (or city of St. Louis) collector or assessor for the previous year.
  - If the boat/vessel is not listed on the tax receipt ("boat" is acceptable), the following must be submitted:
    - A corrected tax receipt (if manually corrected, it must contain the county seal); or
    - A letter from the county collector (on letterhead or containing the county seal) reflecting payment of taxes.

- Title fee of $7.50 plus an additional $5 expeditious fee, if applicable.

- Appropriate processing fee.

- Registration fee:
  - Vessel up to 16 feet in length = $25
  - 16 feet but less than 26 feet = $55
  - 26 feet but less than 40 feet = $100
  - 40 feet and over = $150

- State and local taxes, if applicable.

- Title penalty, if applicable. Penalty is calculated after 60 days from date of purchase or date vessel was brought into Missouri.
  - 61 days to 90 days = $10
  - 91 days to 120 days = $20
  - 121 days and over = $30

**NOTE:** $30 is the maximum amount of penalty.
Documents and Fees Required to Title and or Register Vessels and Outboard Motors from Other States

In addition to all Missouri resident requirements, out-of-state residents operating the vessel for more than 60 consecutive days in Missouri need the following items (see exception for obtaining a “MO number” listed on page 8-15):

- The application must indicate the owner’s out-of-state address and the Missouri city or county where the vessel is being housed, stored, or operated.
- Taxes are assessed based on the Missouri address where the vessel is housed. If taxes were paid in another state, proof of payment must be submitted. If the vessel was registered and operated in that state for more than 90 days, no additional sales tax is due. If the owner did not operate the vessel in another state for at least 90 days, the office should ensure the applicant paid taxes equivalent to the rate charged in Missouri or additional taxes should be collected.
- Exception for obtaining a “MO number”. If the out-of-state resident previously registered the vessel in their state of residence and wants to continue to operate it in their home state and Missouri, the applicant may retain the out-of-state registration number. In this case, the office should not issue a registration MO number but should collect the registration fee and issue a decal. To obtain a registration only, the out-of-state applicant would need the following documents and fees:
  - Application for Watercraft/Outboard Motor Registration and Replacement Decal (Form 2686) marked “Registration Only”;
  - A copy of the out-of-state title in the applicant’s name;
  - Registration fee as listed above; and
  - Appropriate processing fee.

Please be sure to complete all items on the title application. Listed below are the main reasons title applications are rejected by the Motor Vehicle Bureau:

1. The application was not signed;
2. The Original Manufacturer’s Statement of Origin or assigned title was not submitted;
3. The Missouri address and county where the vessel is housed was not recorded;
4. A descriptive notarized lien release on the lienholder’s letterhead or Notice of Lien, Lien Release or Authorization to Add/Remove Name From Title (Form 4809) was not submitted (must contain the year, make, vehicle identification number, lien release date, and signature of the authorized agent);
5. When submitting a bill of sale instead of a certificate of title for a vessel (watercraft), the bill of sale did not contain a complete description of the unit, purchase price, date of sale, and purchaser’s name and address;
6. The horsepower was not recorded on the application.
7. The boat type was not recorded;
8. The boat color was not recorded;
9. The vessel did not contain a 12-digit hull identification number. See page 8-5 for more information; and
10. The assignment on the surrendered certificate of ownership or Manufacturer’s Statement of Origin was not completed by including the following:
    • The signature(s) of all owners on the face of the document;
    • The purchase price;
    • The date of sale; and
    • The lien date and the lienholder name and address.

**NOTE:** Transactions that are incomplete or incorrect will be returned to the lienholder or applicant for correction.

**Name Change - No Change of Ownership**

On occasion, the owner listed on the face of a certificate of title may change his or her name because of marriage, divorce, adoption, personal reasons, etc. To reflect this change on the title, the owner must submit a completed Application for Missouri Watercraft or Outboard Motor Title and Registration (Form 93), the outstanding title in his or her name, and one of the documents listed below. **Because there is no change of ownership, the title is not required to be assigned.**

1. A copy of the marriage certificate or newspaper clipping when a name change occurs because of marriage;
2. A copy of the divorce decree that specifically states the individual’s name was restored to its previous state when a divorce occurs and the former wife changes her name to her previous (maiden) name; or
3. Authorized adoption papers issued through the Circuit Court, Juvenile Division, indicating a change of name when an individual is adopted and a name change occurs.
4. A certified document from the Circuit Court Division when an individual elects to have his or her name changed because of personal reasons. The order from the court must state the name the individual formerly used and the full name currently being used by the individual.
Hull Identification Number Issues

All 1975 and newer model vessels must contain a 12-character hull identification number (HIN). If the vessel does not have a 12-character HIN, DOR will issue a new identification number. If a vessel was manufactured in 1975 or later and the ownership document indicates the vessel’s identification number is less than 12 characters, the applicant must submit a Watercraft and/or Outboard Motor Affidavit of Ownership and Inspection (Form 798). For 1985 and newer model vessels, the Missouri State Water Patrol, Missouri State Highway Patrol, or the Missouri Conservation Commission must complete the inspection. If the inspection indicates a “MO number” (i.e., MO1234AB) as the vessel’s identification number, the applicant must apply for an MOZ/MOZA number regardless of the year of the vessel.

Title Application - Marine

On the following page is a sample Application for Missouri Watercraft or Outboard Motor Title and Registration (Form 93) that must be completed to obtain a Missouri certificate of title on a vessel (watercraft) or outboard motor. Instructions for completing the title application are on the pages that follow.

NOTE: DO NOT USE WHITE-OUT on an application for title. If an error is made, draw one thin line through the incorrect information and then record the correct information above it.
An explanation for each required field is contained on the following pages.
Completion of the Application for Missouri Watercraft or Outboard Motor Title and Registration

Watercraft (Vessel) or Outboard Motor

NOTE: ALL APPLICATIONS MUST BE TYPED OR WRITTEN LEGIBLY SO ALL COPIES CAN BE READ.

To apply for a certificate of title and/or registration on a watercraft or outboard motor, the Application for Missouri Watercraft or Outboard Motor Title and Registration (Form 93) must be completed as follows:

1. **Transaction Type** - Mark the appropriate box. The type of unit and type of transaction box must be marked.

2. **DOR Use Only - Reject Number** - This box is used by the Central Office to record the reject number, if applicable.

3. **Top Portion** - The top portion of the application is reserved for use in the Central Office ONLY. This space is used to record the control (title) number of the transaction. It is imperative that nothing be written in this space. The bar codes are used to facilitate the micro-filming process.

4. **Title and Notice of Lien** – Check when applying for a title and filing a Notice of Lien (NOL) with no complete change of ownership. NOTE: Lienholder authorization is required to add or remove a name from a title. Notice of Lien, Lien Release, or Authorization to Add/Remove Name (Form 4809) may be used.

5. **Office Validation** - (Agent Office Validation) - This space must legibly show the office number and the date the transaction was validated.

6. **Title Type** - Mark the appropriate box to indicate the type of title for which the applicant is applying. To ensure proper processing of the title application transaction, the box must be marked clearly. Do not mark on or over the lines separating the title types.

7. **Transfer On Death (TOD)/Tenants In Common** - Mark the Transfer on Death box if the applicant wants to name one or more beneficiaries on the title. The beneficiaries have no ownership rights until after the unit owner is deceased. Mark the Tenants In Common box if the applicant wishes to designate a form of ownership other than joint tenancy. When ownership is by tenants in common and one owner is deceased, the remaining owner’s percentage of ownership remains the same. The deceased owner’s share must transfer by Probate Court.

8. **Owner’s Name and Address** - Show the legal name(s) of the applicant(s) in last name, first name, and middle initial sequence. All names must be legible and must be recorded in the proper sequence. Only 38 characters of the owner’s name will print on the face of the certificate of ownership. The 38 characters include any TOD beneficiaries that may be designated. Show the street address, city, state, and zip code of the applicant. Record the actual city name.
Example: If the applicant resides in Ladue, Missouri, the application should show Ladue, not St. Louis, Missouri.

Only the following cities may be abbreviated:
- Jefferson City - JC
- St. Louis - SL
- Kansas City - KC
- North Kansas City - NKC
- University City - UC
- Springfield - SPFD

Out-of-state residents operating the watercraft for more than 60 consecutive days in Missouri are required to register the unit. The application must indicate their out-of-state address. Record the Missouri city or county where the watercraft is being housed/stored/operated in block #79.

9. TOD Beneficiaries - Record the beneficiary’s name(s) if the Transfer on Death block is marked.

10. County - Enter the county name in which the applicant’s address is located. Out of state residents refer to block #81.

11. In City Limits - Check this block if the applicant resides inside the city limits. Out of state residents refer to block #81.

12. Outside City Limits - Check this block if the applicant resides outside the city limits.

13. L/R Number - Record the lease/rental number assigned by the DOR, if the applicant is a leasing/rental company.

14. DLN, SSN, or FEIN - The applicant’s identification number should be entered as outlined below:
   a) Individual Name - Enter the Social Security Number or Driver License Number.
   b) Business Name - Enter the Federal Employee Identification Number (FEIN).

NOTE: If more than one name is shown in the Owner block, obtain the Social Security Number or Driver License Number of the owner who signed the title application.

15. Telephone Number - Record a daytime telephone number where the applicant can be reached.

16. Year MFD - record the model year or program year of the unit. For a new outboard motor, if the model year or program year is NOT shown on the MSO, record the year of manufacture as follows:
   - If the month of manufacture indicates January through June, record the year of manufacture. Example: Manufacture date is 06/2012 record 2012.
   - If the month of manufacture indicates July through December, record the calendar year immediately following the year of manufacture. Example: Manufacture date is 07/2012 record 2013.
17. **Model Year – NEW** - Required for outboard motors only. “Model Year-New” is the year the dealer received the outboard motor from the manufacturer. Verify “Model Year-New” with one of the following documents:
   - MSO;
   - Dealer certified application;
   - Original dealer invoice; or
   - Dealer signed statement.

18. **Make** - Enter the make of the unit. DO NOT show the model series.

19. **Manufacturer’s Hull Identification Number (HIN)** - Enter the watercraft (vessel) or outboard motor identification number as shown on the certificate of title, Manufacturer’s Statement of Origin, or ownership document.

20. **Model Number** - Enter the model number of the unit.

21. **Horsepower** - Enter the horsepower for all outboard motors. If the horsepower of the outboard motor is 7 1/2, enter “7.5.”

22. **Color** - Enter the appropriate color code for the unit. If the unit has two colors, record three (3) letters of the pre-dominant color first, followed by three (3) letters of the secondary color. The colors should be separated by a slash (/). *Example: RED/WHI.*

23. **Length** - Enter the appropriate length in feet and inches for all vessels (watercraft).

24. **Material** - Enter the appropriate code *(Exhibit D)* for the material of the vessel (watercraft).

25. **Boat Type** - Enter the appropriate code *(Exhibit D)* for the type of vessel (watercraft) being titled and registered.

26. **Type of Propulsion** - Enter the appropriate code *(Exhibit D)* for the type of propulsion. If the watercraft (vessel) is powered by an inboard or inboard/outboard motor, enter the horsepower of the motor in the “HP” block.

27. **New** - Mark this box if the unit is purchased on a Manufacturer’s Statement of Origin (MSO) or a new unit purchased from a dealer/retailer when no MSO exists.

28. **Used MO** - Mark this box if the unit is purchased on a Missouri certificate of title or from a Missouri seller, when no certificate of title exists.

29. **Used Out-of-State** - Mark this box if the unit is purchased on an out-of-state certificate of title or other out-of-state ownership document.
30. **Surrendered Title Number** - Record the surrendered title was a Missouri title.

31. **State** - Record the state that corresponds with the ownership document.

32. **Previous Owner's Last Name** - Record the first four letters of the last name of the owner on the face of the Missouri title. If it was purchased from an out of state dealer/individual, leave blank.

33. **Boat/Vessel License I.D. (MO) Number** - Record the Missouri Registration Number from the previous Missouri title. If the vessel or watercraft has never been registered or the type of use changes, a new “MO NUMBER” will be issued.

34. **Type of Use** - Check the appropriate box.
   a) **PLEASURE** - Any watercraft (vessel) that the owner uses for recreational purposes.
   b) **RENTAL** - Any watercraft (vessel) which the owner leases or rents to another person, firm, or corporation for a fee.
   c) **COMMERCIAL** - Any watercraft (vessel) that the owner uses for business.
   d) **OFFICIAL** - Any watercraft (vessel) owned by a political subdivision.

35. **Boat/Vessel/Outboard Motor Decal Number** - The number of the decal issued to the watercraft (vessel) or outboard motor will be entered.

36. **Expiration Year** - The year the watercraft (vessel) decal expires will be entered. For outboard motors, “N/A” will be entered.

37. **First Lien** - Mark the “YES” box if there is a lien on the unit; otherwise mark “NO”.

38. **Security Agreement Date (First Lien)** - Record the lien date, if applicable.

39. **Mail to Lienholder** – Mark this box if the title is to be mailed to the first lienholder.

40. **Lienholder's Telephone No.** - Record the lienholder’s telephone number, if applicable.

41. **Second Lien** – Mark “Yes” if a second lien or Subject to Future Advances (STFA) must be recorded on the certificate of ownership or “No” if a second lien or STFA does not exist.

42. **Mail To Alternate Address Below** - Mark this box only when the title is to be mailed to an address other than the address shown at the top of the application. In the event the owner needs the title mailed to a different address and there is a second lienholder and/or subject to future advances is recorded in the “mail to” area and the owner must pay the $5 expedited title fee and complete a return title slip with the “mail to” address.

43. **First Lien Name and Address** - Enter the complete name and address of the lienholder. Please note that only the first 20 characters will appear on the certificate of ownership, so the name may be abbreviated accordingly.
44. **Second Lienholder or Mail To Name and Address** - Enter the complete name and address of the second lienholder or mail to. Please note that only the first 20 characters will appear on the certificate of ownership, so the name may be abbreviated accordingly.

45. **STFA** - Mark this box if “Subject to Future Advances” must be recorded on the certificate of ownership. (See #39 above.)

46. **Security Agreement Date (Second Lien)** - Record the lien date if there is a second lien on the unit.

47. **Purchase Date** - Enter the Month/Day/Year. Example: March 03-12 or 03-03-12. The purchase date and the sale date must be the same. The purchase date should be the date the ownership document was assigned when a change of ownership is involved. On non-assigned titles, i.e., change of state, adding a lien, etc., the purchase date should be carried forward from the face of the title. If there is no purchase date on the face of the title, the issue date shown on the surrendered ownership document may be entered as the purchase date.

48. **Price** - Enter the gross sale price of the unit.

49. **Rebate** - Enter the rebate amount, if applicable. If this amount has been altered, proof of the rebate, i.e., the dealer invoice will be required.

50. **Trade-In** - Enter the total amount allowed on the trade-in unit, if applicable. If this amount has been altered, proof of the trade-in, i.e., the dealer invoice will be required.

51. **Other Credits** - Enter the total amount allowed on any tangible personal property that was received by the dealership as a credit or partial payment towards the purchase price of the unit. If the purchaser is allowed a replacement unit or total loss tax credit, the office should enter the total amount allowed. The office will verify the applicant owned the unit being used as a replacement tax credit.

52. **Net Price** - Enter the total net price. This is calculated by subtracting any rebate, trade-in allowance, and/or other credits from the purchase price. Verify with title assignment, if recorded.

53. **Trade-In** - Mark “Trade-In” only if a unit was traded in to a dealership. Do not mark for replacement tax credits.

54. **Year** - Enter the year of the unit being traded in.

55. **Make** - Enter the make of the unit being traded in.

56. **Title Number** - Enter the title number of the unit being traded in, if available.

57. **Manufacturer’s I.D. Number** - Enter the complete manufacturer’s identification number of the unit being traded in.

58. **Signature of Owner** - If more than one owner’s name is listed, only one signature is required. If the applicant is an officer of a company or corporation, he or she must indicate his or her official position with the company or corporation beside his or her signature.
59. **MO Boat Dealer Number** - Ensure the dealer number is entered when the unit described on the title application was sold by a Missouri dealer. If the application for title is in the name of a Missouri dealer, enter the purchasing dealer’s number on the application. If there is no ownership document attached, this section must be completed.

60. **Boat Dealer Name** - The selling dealer must enter the dealership’s name, if applicable.

61. **City, State, and Zip Code** - The selling dealer’s address must be entered, when applicable.

62. **Telephone Number** - The selling dealer’s telephone number must be entered, when applicable.

63. **Signature of Dealer or Representative** - Ensure the dealer, or an authorized representative of the dealer, signs the application, when applicable.

64. **Trade-In (Yes/No)** - The selling dealer or authorized representative of the dealer must check the appropriate block as listed below, when applicable:
   
   a) If trade-in information is listed on the application for title and a trade-in amount is shown, the “YES” block should be checked.
   
   b) If there is no trade-in or if the credit allowed is “Other Credit” as outlined in #53, the “No” block should be checked.

65. **Duplicate Title** - Mark the appropriate reason the duplicate is needed.

66. **Notary Information** - Ensure the application is signed in the presence of a Notary Public if applying for a duplicate title. The Notary Public must complete the appropriate blocks.

67. **License Office Validation** - This space must legibly show the registration number and the total amount of taxes, penalties, and fees paid as well as the validating machine number.

68. **Approve/Reject** - For Central Office use only.

69. **Site Code** - The site code number will be entered from the **Local Tax Rate Chart** for the corresponding local tax jurisdiction (city or county).

70. **Processed By** - For office use only.
71. **PP** - This box must be marked if presenting proof of personal property taxes paid or a statement of non-assessment.

72. **Registration Fee** - Record the appropriate registration fee.
    Watercraft registration fee is based on the length as follows:
    - Under 16 feet in length = $25
    - 16 feet but less than 26 feet = $55
    - 26 feet but less than 40 feet = $100
    - 40 feet and over = $150

73. **MOZ/MOZA Replacement Number Fee** - The office will record the $7.50 fee if a replacement identification number is issued.

74. **Title Penalty** - The office will record the title penalty fee, if applicable. There is no penalty when application is made within 60 days of purchase. The maximum delinquency penalty is $30.00.
    - Application made 61st day through 90th day = $10
    - Application made 91st day through 120th day = $20
    - Application made 121st day or after = $30

75. **Title/Quick Fee** – The office will record the appropriate title fee listed below. Add an additional $5 quick fee, when applicable.
    - Watercraft (vessel) = $7.50
    - Outboard motor = $5
    - Quick Title = $5

76. **State Tax** - The office will enter the amount of state tax due on the net price of the unit.

77. **Local Tax** - The office will enter the amount of local tax due, if applicable.

78. **Processing or Agent Fee** – All offices must collect a processing/agent fee.

79. **NOL Processing Fee** – The office will collect a NOL processing fee, when applicable.

80. **Total** - The office will enter the total amount of taxes, penalties and fees due.

81. **Missouri City or County Where the Unit is Housed** – For out-of-state residents, enter the city or county where the unit is housed/stored/operated in Missouri.
Collection of Taxes on Vessels (Watercraft) and Outboard Motors

Any vessel (watercraft) or outboard motor purchased after April 1, 1986, is subject to title penalties, sales and local taxes, if applicable, and appropriate title and registration fees.

A licensed Missouri boat dealer is NOT responsible for the collection of taxes on the sale of a vessel (watercraft) and an outboard motor. The Department is responsible for the collection of these taxes on any vessel (watercraft) or outboard motor required to be titled and registered.

Vendors, including licensed boat dealers, must collect and remit tax to the Department of Revenue, Tax Administration Bureau, on sales of a watercraft propelled solely by paddle or oars (regardless of length), sailboards, or on sailboats less than 12 feet in length and powered by sail alone, since these units are not required to be titled and registered under Chapter 306. Vendors who are not licensed boat dealers must also collect taxes on the sale of outboard motors.

Example 1: Individual A purchases a vessel (watercraft) or outboard motor from a licensed boat dealer. The individual is required to title the vessel (watercraft) or outboard motor with the Department. The purchaser of the vessel (watercraft) or outboard motor must pay sales tax on the purchase price of the vessel (watercraft) or outboard motor to the Department.

Example 2: Individual B purchases a canoe from a boat dealer. Because the canoe is a vessel (watercraft) that is not required to be titled under Chapter 306, RSMo, the boat dealer is required to collect and remit the sales tax on the gross receipt of the sale of the canoe.

The owner of a vessel (watercraft) or outboard motor titled in another state/country for less than 90 days must submit proof of sales tax payment to that state/country. If the taxes paid are equivalent to the state tax rate of 4.225 percent and local tax rate, additional taxes will not be assessed.

The owner of a vessel (watercraft) or outboard motor purchased from a registered boat dealer or individual must submit state sales tax in the amount of 4.225 percent and local tax, if applicable, calculated on the net price of the vessel (watercraft) or outboard motor. Local tax varies depending upon the applicant’s Missouri address.
### Outboard Motor Registration

All outboard motors must be registered at the time of titling and are issued an outboard motor decal. One decal is issued for each outboard motor for a $2 fee. There is no requirement to renew a decal until ownership of the outboard motor changes. An ownership change includes adding or deleting a name on the certificate of title.

### Missouri Vessel (Watercraft) Registration (MO) Number

All vessels (watercraft) that are required to be titled must display a Missouri boat registration number unless specifically exempted by law. The registration number is commonly referred to as the “MO number.” An Application for Watercraft Registration Number (Form 2691), Exhibit B, must be completed prior to issuance of a Missouri boat registration number. The white portion of the application must be attached as a supporting document to the Application for Missouri Watercraft or Out-board Motor Registration and Title. The “MO number” must be affixed to the vessel (watercraft).

If the vessel (watercraft) currently has a “MO number,” this number must remain assigned to the vessel (watercraft). **ONLY WHEN THE “TYPE OF USE” HAS BEEN CHANGED WILL A NEW MISSOURI BOAT IDENTIFICATION NUMBER BE ISSUED.**

### Vessel (Watercraft) Registration/Decal

In addition to displaying a registration number, the vessel (watercraft) must display a registration decal. The vessel (watercraft) registration (decal) fee is based on the length of the vessel (watercraft) and is valid for a period of three years. The decals are always issued as a set of two and must be affixed to both sides of the bow of the vessel (watercraft). The decal expires on June 30 of the appropriate year. The decal fees are as follows:

<table>
<thead>
<tr>
<th>Length Description</th>
<th>Fee</th>

<tbody>
<tr>
<td>Vessel (watercraft) under 16 feet in length</td>
<td>$25</td>

<tr>
<td>Vessel (watercraft) 16 feet in length but less than 26 feet</td>

### Vessel (Watercraft) Identification Number

Section 306.030.2, RSMo, provides that every new vessel (watercraft) sold in this state after January 1, 1970, shall have die stamped on or within three feet of the transom or stern a factory number or serial number.

Federal regulations require the hull identification number (HIN) for vessel (watercraft) manufactured after November 1, 1972, to contain 12 characters. The Missouri State Water Patrol has advised the Motor Vehicle Bureau that some vessels (watercraft) are manufactured one or two years ahead of their actual model year. Consequently, there may be 1973 and 1974 model vessels (watercraft) that were actually manufactured prior to November 1972, and therefore, exempt from regulations which require a 12-character identification number.
If a vessel (watercraft) with a model year of 1975 or newer does not have a 12-character factory number or serial number, the owner must make application to the Department for the issuance of a new identification number plate to be affixed to the vessel (watercraft). Upon application, the Department may authorize the issuance of one metal identification plate, which will serve as the identification number of the vessel (watercraft).

Before selling a vessel (watercraft), the vessel’s (watercraft’s) identification number or the factory hull identification number (HIN) must meet the following criteria:

1. Contain no spaces or dashes;
2. First and second characters must be alpha characters;
3. Model years older than 1975 may have less than 12 characters; and
4. Model year of 1986 or newer, the 9th character must contain one of the alpha characters “A” thru “L” and the 11th and 12th digits must correspond with the model year recorded on the title application.

The following information explains what must be done for vessels (watercraft) that do not meet the above requirements.

Before issuance of any metal identification plate, the applicant is required to have the vessel (watercraft) inspected by a law enforcement agency approved by the Department for that purpose. The inspection will determine either the true and complete identification number of the vessel (watercraft) or that no such identification number exists. The inspecting officer must complete the Inspection Verification - Law Enforcement Agency/Agent section of a Watercraft and/or Outboard Motor Affidavit of Ownership and Inspection (Form 798), or the law enforcement section of the Application for Replacement of Vehicle/Vessel/ Trailer Identification Number Plate (Form 923).

1. If the owner of the vessel (watercraft) declares the vessel (watercraft) is “HOMEMADE,” a Watercraft and/or Outboard Motor Affidavit of Ownership and Inspection (Form 798), must be completed by a member of the Missouri State Water Patrol, Missouri State Highway Patrol, or the Missouri Conservation Commission.

2. If the owner of the vessel (watercraft) declares that the vessel (watercraft) is a “MANUFACTURED” unit, the Watercraft and/or Outboard Motor Affidavit of Ownership and Inspection (Form 798), must be completed by an authorized law enforcement agency, e.g., Missouri State Water Patrol or Missouri State Highway Patrol, Sheriff, Police Officer, etc., except all 1985 and newer model vessels (watercraft) must be inspected by a member of the Missouri State Water Patrol, Missouri State Highway Patrol, or the Missouri Conservation Commission.
3. If the public number assigned by the manufacturer is destroyed, removed, covered, altered, or defaced, but the confidential number assigned by the manufacturer can be located, a replacement vessel (watercraft) identification number plate must be issued.

An “MOZA” number plate will be issued to a MANUFACTURED vessel (watercraft) when the manufacturer’s assigned identification number cannot be determined and the confidential number is missing. A “MOZ” number plate will be issued to a HOMEMADE vessel (watercraft).

All documents (including an application for title) and applicable fees may be submitted to the nearest branch or agent office or mailed to the Department of Revenue, Motor Vehicle Bureau, PO Box 100, Jefferson City, Missouri 65105-0100. In addition to the title fee, processing fee, registration fee, taxes, and title penalty fee (if applicable), the applicant will be required to pay $7.50 for the metal identification plate.

NOTE: Applications involving issuance of a “MOZA” number for a manufactured vessel (watercraft) may be submitted to any Department of Revenue office. All other applications involving issuance of a new or replacement identification number must be submitted directly to the Motor Vehicle Bureau Central Office at the address listed above.

After the identification plate is issued, the vessel (watercraft) owner must affix the identification plate on or within three feet of the transom or stem of the vessel (watercraft).

Outboard Motor Identification Number

If an original, manufacturer’s, or other distinguishing number on any outboard motor has been destroyed, removed, covered, altered, defaced, or is otherwise nonexistent, the Director of Revenue will issue a new or replacement identification number plate as required by Section 306.031.1, RSMo. The applicant must submit the Watercraft and/or Outboard Motor Affidavit of Ownership and Inspection (Form 798) completed in full and signed to the Motor Vehicle Bureau Central Office, P.O. Box 100, Jefferson City, Missouri 65105-0100 with the following:

1. An Application for Missouri Watercraft or Outboard Motor Title and Registration (Form 93), if the applicant is applying for a new identification number plate.

NOTE: If the applicant already has a certificate of title in his or her name and a replacement identification number plate is being obtained, it is not necessary to submit a title application, as a new title will not be issued.
2. **Inspection** *(Form 798).* If the unit is homemade, please explain all related facts and use the *Form 798.*

3. An appropriate ownership documentation.

4. The appropriate fees, i.e., title fee, processing fee, $7.50 number plate fee, taxes, title penalty, and registration fee, if applicable.

The owner or owner’s designee must securely fasten the identification number plate immediately to the outside of the outboard motor close to the area where the original manufacturer’s identification number plate would typically appear.

### Documented Vessels

Most commercial vessels of five or more net tons which are used on the navigable waters of the United States must be documented. A recreational vessel of five or more net tons may be documented at the option of the owner. A Certificate of Documentation is issued by the Coast Guard. For more information, contact the United States Coast Guard at the following address or phone number:

National Documentation Center  
2039 Stonewall Jackson Drive  
Falling Waters, West Virginia 25419-9502  
Telephone (800)799-8362 or (304)271-2400

In order to document a vessel, the owner must comply with all federal requirements and submit an application for documentation and the appropriate documents and fees to the United States Coast Guard. **Section 306.016, RSMo,** requires the owner of any vessel documented by the United States Coast Guard to apply for a documented vessel certificate of registration and pay a registration fee based on the length of the vessel and, if applicable, pay an “in-lieu” watercraft tax.

To comply with this law, the applicant must submit the following to the Motor Vehicle Bureau:

1. A properly completed and signed *Application for Documented Vessel Certificate of Registration* *(Form 4398)*;

2. A copy of the Certificate of Documentation issued by the United States Coast Guard;

**NOTE:** If the vessel was documented by the previous owner, the applicant must provide proof that the United States Coast Guard documentation is in the new owner’s name.
3. One of the following proof of ownership documents:
   a) The original title or Manufacturer’s Statement of Origin; or
   b) A certified copy of the “ABSTRACT OF TITLE” in the new owner’s name, if the vessel was documented by the seller with the U.S. Coast Guard; and the Missouri documented vessel certificate of registration properly assigned by the seller to the new owner, if applicable.

4. Paid personal property tax receipt or a statement of non-assessment from the county (or city of St.Louis) collector or assessor for the previous year.

If the boat/vessel is not listed on the tax receipt (“boat” is acceptable), the following must be submitted:
• A corrected tax receipt (if manually corrected, it must contain the county seal); or
• A letter from the county collector (on letterhead or containing the county seal) reflecting payment of taxes.

5. A $7.50 certification fee;

6. $6 processing fee represents a $2.50 certificate fee and a $3.50 registration fee;

7. A registration fee based on the length of the vessel;
   Length of Vessel
   Under 16 feet in length = $25
   16 feet but less than 26 feet = $55
   26 feet but less than 40 feet = $100
   40 feet and over = $150

   Note: A Homemade vessel that is at least 16 feet but less than 28 feet in length, made out of wood, and has a beam of five feet or less will result in a $55 registration plus $3.50 processing fee.

8. The “in-lieu” watercraft tax based on the purchase price of the vessel or proof that applicable taxes have been paid (trade-in credit is NOT allowed); and

9. The penalty fee, if applicable, is $10 for each 30-day period beyond the registration due date up to a maximum of $30.

Upon receipt of the above documents and fees, the Motor Vehicle Bureau will issue the following:

- A documented vessel certificate of registration;
- A validated application receipt; and
- A set of registration decals.

Listed below are important facts to remember about documented vessels:

- The state of Missouri cannot issue a certificate of title to a documented vessel;
- The registration decal must be displayed in a clearly visible location on each side of the forward half of the vessel; and
- The documented vessel registration must be renewed every three years.

It may take longer than 30 days for the Certificate of Documentation to be issued by the United States Coast Guard. **However, the owner of the vessel is required by state law to make application to the Motor Vehicle Bureau for a certificate of registration and pay the in-lieu tax within 30 days of purchasing the vessel in order to avoid a penalty.** Therefore, the owner must submit the requirements outlined above and on the previous page (with the exception of Item 2) with a bill of sale and $5 temporary registration fee. A temporary registration will be issued for a period of 60 days. A permanent certificate of registration will not be issued until the Motor Vehicle Bureau receives a copy of the Certificate of Documentation. An owner cannot operate a vessel until a temporary or permanent registration is obtained.
