General Instructions - Adoption Tax Credit

Individuals and business entities may claim a tax credit for their total nonrecurring adoption expenses. Missouri residents may claim up to \$10,000 per child. The full credit may be claimed when the adoption is final, or a claim for 50 percent of the credit may be made when the child is placed in the home and the remaining 50 percent may be claimed when the adoption is final.

The credit is non-refundable and limited to the tax liability. The credit is available for a total of five consecutive years. The five year period begins when the credit is first taken or the adoption is final, whichever occurs first. The cumulative amount of adoption tax credits claimed cannot exceed the limit established in **Section 135.327**, **RSMo**.

Special Needs Child:

A child for whom it has been determined by the Missouri Department of Social Services, Children's Division, a child-placing agency licensed by the state, or a court of competent jurisdiction to be a child who has a specific factor or condition such as ethnic background, age, membership in a minority or sibling group, medical condition, or handicap because of which it is reasonable to conclude that such child cannot be easily placed with adoptive parents.

To Claim the Adoption Tax Credit:

Attach Form MO-ATC and Form MO-TC to the tax return each year the adoption tax credit is claimed. You may be eligible to claim an additional federal adoption tax credit in subsequent years, which will reduce your Missouri adoption tax credit and may result in a billing. When first claiming the credit as the result of a sale or assignment, attach a completed Form MO-TF and a copy of the original Form MO-ATC completed by the adoptive parents, as well as Part A of the revised form.

Due Date:

To claim the ATC for children who were Missouri residents when the adoption was initiated must be filed between July 1 and April 15 of each fiscal year. ATC claims for children who were not Missouri residents when the adoption was initiated must be filed between July 1 and December 31 of each fiscal year. Note: Non-resident adoptions may only be claimed if the adoption was finalized on or before March 28, 2013.
